REGISTRATION BEGINS ON JUNE 4TH
AND ONLY THE FIRST 40 PARTICIPANTS WILL
BE ELIGIBLE FOR PRIZES. PLEASE VISIT
WWW.CENTRALCOASTELECTRICBOATS.COM FOR
ADDITIONAL EVENT DETAILS AND ENTRY FORMS.

Message From The Commodore Vidar Bech

The summer has arrived and Cruising, Racing, Fishing, Bocce Ball and many summer activities are in full swing. Marnie and I had a very nice and fun cruise to Coches Prietos anchorage. There were 7 boats from the club and a good time was had by all. Marnie is up for a Dolphin award since our exit from the beach didn't go too well. She ended up in the surf and got tossed around in water and sand. With some help, we got off the beach but had a mess to clean up. We had a few more incidents on our trip, but too complicated to explain here. We are hoping our next cruise will be a little less exciting for us.

Since I am not in the Women's bathroom anymore, fixing things that is, it has escaped me that it has had a really nice facelift with a new counter, sinks and faucets. This was taken on by the **Islanders** with money donated by them and some club members. Thank you all so much.

Zoran and Erika Barbaric treated us to another fantastic Guitar Recital and they are getting better and better. It was a treat; Alex and Wesley Park, students at Pepperdine University were superb. I don't know how Zoran and Erika can improve on this one.

Ventura British Brass Band gave us another fun concert and took us down memory lane with a patriotic performance to a full house. The audience that was watching in the Mezzanine section (Fireplace room) ended up marching around and getting a very excited audience involved at the end.

Writing this, we are looking forward to Father's Day dinner by the **Islanders** and **Barbara Braun's** salute to all the Dads. She always comes up with something exciting.

IMPORTANT REQUEST FROM OUR BARTENDERS:

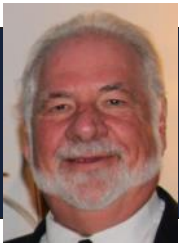

When returning glasses back to the Bar, PLEASE, do not put them down on the sunken area where the Bartenders mix the drinks. This area needs to stay clean and glasses can easily fall over and into the sink or on the ice being used in the drinks. This will contaminate the ice supply. Also, please, make sure there is NO trash in the glasses, like napkins, food, etc. This will be very much appreciated.

Till next time

Vidar,

Commodore

Message From The Vice-Commodore Sheldon Berger

Hello All and Welcome to *Summer!*

Thanks to all who have stepped up to the plate....or kitchen....to help out with the Wednesday night dinners. First time chefs, Marty Owens and Shari Rosenberger, did a great job with their Italian family recipe. We had a large crowd, thanks to all who attended to support our cooks. The members really appreciate all the efforts.

On June 8th Rene Aiu arranged for speakers from the Channel Islands Boating Center. A presentation was made by Celina Zacarius, who works in the administration end of the University. There was a lively question and answer session afterwards, thanks to Bill Scarpino who arranged for Dr. Rocco Calderon with St. Johns Hospital. Dr. Calderon had a very informative presentation on different surgery procedures. Our Wednesday night "Speakers Series" is in full swing. It's a great way to have an evening with your fellow members, enjoy an affordable dinner and even learn something new.

A new hot water recycle pump has been installed in the upstairs rest rooms. We now have hot water, without having to wait for long periods of time for its arrival from down stairs.

We had some issues with the elevator system; thanks to Bill Crier, it is now operating correctly and the rust problems have been addressed.

Friday night Birthday Bash is a well-attended evening. It's a great time to bring prospective members to our Club. It's really special when the British Brass Band is performing.

Coming soon...displays of the entry way upgrading will be presented. Bob & Mary Lou Taylor are helping out and Dann Daggett is making a donation flow chart. I believe this is a long-time coming and help and input are encouraged.

Mark your calendars for Saturday, July 30th. The second annual Chowderfest benefiting the Channel Islands Maritime Museum will take place. This is a great event to support our neighbors programs at the museum. Tickets are available on the CIMM website.

Thanks to all for your continued support.

Sheldon Berger, Vice Commodore 2016

Message From The Rear-Commodore Penny Lipp

We are halfway through 2016 and our racing program is well supported.

The Wild Bill Rig Race on June 18 was attended by eight boats representing Pierpont Bay Yacht Club, Ventura Yacht Club, Ventura Sailing Club, Anacapa Yacht Club and Channel Islands Yacht Club.

The race was divided into two fleets consisting of four boats each. The race results are as follows:

Fleet A: ***Fat Tuesday***, First Place
 Paradise Found, Second Place
 Wai'lanī, Third Place

Fleet B: ***Magic Dragon***, First Place
 Out Patient, Second Place
 Zoarcēs, Third Place

Much fun was had by all, ending at the CIYC bar for the awards presentation.

CRUISING NEWS

Our Cruise Director, Dann Daggett, has provided the following cruise report:

The CIYC Memorial Weekend Cruise was attended by seven CIYC boats, with three arriving at Coches Prietos on Friday and the rest on Saturday. They had calm weather the entire weekend with warm sunshine the first two days. Friday saw some beach time followed by a cocktail party held on Dann and Cindy's trawler, "***Pelagic Pelican***". Saturday was fishing for some and beach time for others, and the evening's party was hosted by Tim on "***Bother Me Tomorrow***". Sunday evening, everyone got together again at Marty's "***Ooh La La***" for a delicious potluck dinner featuring such delights as BBQ'D lamb shanks, chicken kabobs, sautéed scallops, and some super fresh yellowtail sashimi caught that day by "***Joy Sea***".

And the "Blue Dolphin" award? Marnie won that twice on this cruise!!

The next club cruise is July 1-4 and will again be at Coches Prietos. Come join the fun!

Thanks to CIYC and all our members for my memorable birthday on June 18.

When in doubt, let it out.

Wishing you fair winds and following seas.

Penny Lipp,
Rear Commodore

Message From First Mate Karen Farrell

Hello Channel Islanders and CIYC Members!

The Islander By-Laws/Standing Rules committee has finalized revisions. At the BOD meeting on June 9th the board approved the revisions, with the exception of a few minor typos and a couple of wording clarifications. The changes will be presented at the rescheduled Islanders' meeting on Tuesday, July 26th, hopefully with a quorum of 15, and a favorable vote!!

The Islanders deserve a BIG pat on the back for the very successful SOLD-OUT Father's Day dinner on June 18th. A big **thanks** to the GREAT, hard-working crew – Karen Farrell, Vera Cline, LaNell McKnight, Elyse Gonnello, Eleanor Hovaten, Diane Sherlock, Erika Barbaric, and Judy Fraser. Thank you, Thank you!! To Barbara Brauns for orchestrating “*The Ladies of Stage & Screen Salute the Fathers of CIYC*”! What beautiful voices and wonderful entertainment by Barbara, Alison Gabel and Lee Orgel – Thank you so much!!

Coming up in July...MARK your calendars for the *Islanders Pancake Breakfast* (and a few extras!) on **JULY 31st**. Vera Cline is the head chef and I'm sure you'll be pleased.

Enjoy your summer, as it always seems to go so fast! FYI! I am leaving for a Mediterranean vacation June 25th and will see you all again the week of July 18th!!

Karen Farrell - 1st Mate 2016

Fathers Day Dinner
June 18th

Anglers' Corner - May 2016

By Frank Sullivan

WSB Grow- out Pen Update:

All the 18,000 juvenile White Sea Bass are doing well with very few mortalities.

Big Fish of the Month:

No fish has been weighed in for the Big Fish of the Month as of this writing.

Ladies Tourney:

We had the CIYC Ladies' Tournament on June 5th, with three boats participating: **Dawn Patrol**, **Valkyrie** and **Joy Sea**, and 11 women anglers fishing. Joyce Johnson got 1st with a 7.6 lbs. Barracuda, Connie Calo got 2nd with a 4.5 lbs. Barracuda and Patricia Korecky got 3rd with a 2.6 lbs. Bonita. It was scratch fishing with some exciting events, like having the boat surrounded by at least 40- to 50-inch WSB that just wouldn't bite on anything we threw at them.

Men's Tourney:

The CIYC men's fishing tourney was June 11th. We had a great turn out with 6 boats: **Valkyrie**, **Dawn Patrol**, **Nepenthe**, **Abundance**, **Joy Sea**, and **Be Happy**. We had 26 anglers competing in less than ideal conditions. The weather was rainy and cold, with the wind coming from the SE, making things uncomfortable for the boats that fished the backside of the islands.

Talking to the contestants, it seemed that all had a good time, none the less. All enjoyed their time on the water and the comradery of the competition. Few fish showed up for the event, however, with scratch fishing.

First place was won by Gary Johnson on the **Joy Sea** with a 10.4 lbs. Yellow Tail, second place was won by Robert Ferguson with an 8.4 lbs. Sheepshead and third was won by Mark Palamountain with a 2.5 lbs. Red Rockfish. Second and third place were on Mark's boat **Nepenthe**.

Classical Guitar Recital, Music, and fMRI

Wesley Park

Alex Park

History was made in May. For the first time, Bach and Mozart were played on guitar and heard live in the Great Hall at CIYC. Two brothers, Alex and Wesley Park, played these pieces on Ramirez-made classical guitars. Both are students at the Pepperdine School of Music, under the direction of Maestro Christopher Parkening. The guitar program was outstanding, the best we've ever had. There were about one hundred attendees; they really enjoyed the performance and gave three standing ovations.

This brings me to what happens to the brain when listening to music. When brain cells “think” they use glucose in large amounts, and they get it from circulating blood. To get more glucose, they signal some helper cells (astrocytes) to produce nitric oxide, which dilates the blood vessels (similar to Viagra). Thus, the vessels bring more glucose, enabling the brain cells to “think” more.

We can image this increase of blood flow on MRI. Because it indirectly measures brain function (more blood flow = more “thinking going on”), it's called functional MRI or fMRI. Increased flow is pictured as an appearance and intensity of colors in different brain regions on a series of images.

Now, when we listen to music, the brain lights up. Almost all parts light up in rich colors. And when we play music, the brain lights up like a Christmas tree. The parts that remember, read, hear, move fingers, interpret, intonate, introduce emotions, and find the rhythm, are all coordinating and working over-time. And that's what was happening to us and to the Park brothers. How great was that?!

Your Fleet Sturgeon, Zoran

Thanks to Erika for editing.

DO YOU KNOW?

Bob and Marylou Taylor

By Keith and Mary Ann Moore

Bob and Marylou met in the Spring of 2012 at the United Methodist Church of Camarillo. We were introduced by a mutual friend, and after a few minutes of conversation before the service began, both of us knew “something” had just happened that was not planned for or expected. After finding many similarities in our history, Marylou said “we need to talk”. That’s all I needed! We dated for about a year and were married in the Methodist Church February 17, 2013.

Bob was born in Indiana, but raised in Santa Monica, California. After high school, he attended the University of California at Santa Barbara where he majored in psychology, history, and “fraternity” (Sigma Phi Epsilon). After graduating from UCSB, Bob got his teaching credential from USC and started teaching 6th graders in Santa Monica. Later, he left teaching and created a family painting business with his wife, two stepsons, and one stepdaughter. At that time, he was living in Redondo Beach. Due to severe arthritis, Bob retired early and moved to Camarillo Springs in 1990.

Marylou was born in New Hampshire and grew up on the ski slopes until the family moved to California. After high school, she attended San Diego State University, majoring in Civil Engineering and Accounting. Following graduation, she worked for an engineering firm until she left to start a family. When her two sons were older, she worked for Moorpark College for seven years as their Accountant. Finally, she accepted a position as Assistant to the City Manager of Camarillo, where she worked for 13 years until retirement 20 years ago.

Marylou has had extensive boating experience from sailing to power boating, as well as being **Commodore of PCYC**. Bob, on the other hand, became the skipper of their electric boat, “**Bobalou**” upon marrying Marylou. We both love **CIYC** and the whole concept of a self-help club. We both are very happy we joined, and we totally enjoy the close friendships we have made in the last year since joining in March of 2015. Bob is well known for his “BootScoot” dance classes. And as you may know, Bob was elected to the **CIYC Board** as a **Director – 2016**.

So when you see Bob & Marylou at the Club, please say *hello* and introduce yourself to a very interesting couple.

..... And stay tuned for next month’s, “DO YOU KNOW?”

Board of Supervisors Approves Fisherman's Wharf 390 Unit Apartment Complex Over Community Objections

At the June 14th meeting of the Ventura County Board of Supervisors, the Harbor Director proposed an amendment to the Harbor Public Works Plan which the Board approved. Amendment #7:

Allows a mixed use complex of luxury high-rent apartments on the Harbor waterside off of Victoria Boulevard, south of Channel Islands Boulevard. The complex will include 36,000 square feet of retail and commercial space at the Fisherman's Wharf location.

Increases the height allowable on the waterside from 35 to 55 feet.

Eliminates 4 acres of overnight and overflow parking of boat trailers and RVs for public boat launch ramp users. This means no space for expanding parking capacity for recreational boaters with boat trailers at the harbor for the next 65 years.

The net result is a loss of 129 parking spaces per the December 7, 2009, South Central Coastal Commission letter. This is in addition to the over 21% loss of parking space in the current boat launch parking area due to the increase in parking space size required per the Department of Boating and Waterways.

The amendment was approved despite the fact there is no comprehensive Environmental Impact Report (EIR) including a thorough traffic study. No consultation was made prior to proposing the amendment with the Port Hueneme School District or the Navy Base and other community organizations, which may be impacted by this development and may require mitigation to parts of the project.

These changes are contrary to the policies of the Harbor's Public Works Plan, "Harbor recreational boating facilities shall be protected." It also contradicts what the Harbor Director said at the 2013 opening of the renovated public boat launch ramp as reported in the Ventura County Star.

"The most affordable way to do boating is to have the boat at your house on a trailer and bring it. This is for boaters who want easy access and don't live on the water...Our primary focus is boating and access to the water."

The community questioned why a development that conflicts with the harbor's primary purpose i.e. to serve recreational boaters and promote water activities is being proposed.

The community asked why did the harbor invested in a Boating Center to instruct the boaters of tomorrow, if they may find themselves with inadequate facilities in 5, 10, 15 years to accommodate their boats and trailers?

With the proposed 65-year lease, how does the Harbor propose to serve the long-term interests of boaters and ensure their easy and affordable access to the Harbor?

The proposal will next go through the California Coastal Commission's review process that may result in mitigations, and possible approval. (cont'd on next page)

(cont'd from prior page)

CSUCI Director of Community and Government Affairs Speaks at CIYC's June 8th Wednesday Dinner

Celina Zacarius, the Director of Community and Government Affairs for the University, and Josh Wade, Manager of the Boating Center, attended the Wednesday night dinner during which they provided an informative update on the current plans and activities of the Channel Islands Boating Center. This also provided members an opportunity to ask questions they had about the Center since its opening.

Questions such as:

Why is the Boating Center open only from 10am-4pm Mondays –Fridays and not on weekends where the public may be most able to visit the center? Answer given: Limited staff - there are only 2 full-time staff members and a few part-time university students.

Why are the docks not accessible for public use? Answer given: This is due to limited staffing as at least one staff is required to be present when the docks are in use. There was also the issue of liability insurance and the county indemnifying the university in case there are incidents where someone may be injured.

What can be done to give the public more access to the Boating Center? Answer given: The University has not had an operating contract with the County since it opened 3 years ago. They are waiting to get the contract back from the Harbor Department and County before they can resolve this matter.

Ms Zacarius agreed to look into giving the Pacific Corinthian Youth Foundation access to their docks for ADA boaters, as requested by Jack Schuler, President of the Foundation.

She also agreed to see if there was any way the Boating Center could participate in some of the CIYC activities such as the Disabled Veterans' Sail Day.

Ms. Zacarius also mentioned that they are considering an Open House Event at the Boating Center for the community sometime in August around the Equinox. This might be an opportunity for the Harbor Yacht Clubs to participate in an event with the Boating Center.

Several members also voiced their frustration regarding the public's limited access to the Boating Center. The yacht clubs had been promised access to the Boating Center facilities when the project was being proposed and needed the harbor community's support. However, since that time, there has been no access and no communication with the yacht clubs. Hopefully, by working with Ms. Zacarius and Mr. Wade, some of the issues will be resolved.

Rene Aiu

Harbor Delegate

'Birthday Bash' - July 1st by Connie Calo

*Come and join us for our monthly celebration
for members whose birthdays and/or anniversaries are in July.
Bring "munchies" to share, and there is always a great birthday cake!*

July Birthday Celebrations for: Jack Borkowski, Jerry Wood, Vicki Nutter,
Connie Calo, Janie Brockman, Jane Van Daalwyk, Kim Hughes, Lisa Marie Medlen,
Jairo Mazariegos, Michelle Smith, Skip Miser, Mark Foley, Philip Woolf, Lee Miser,
Rene Aiu, Bernadine Carlson, Johanne Berg, David Matthews, Susan Ard,
Mike McKendry, LaNell McKnight, Laurie Preston, Bruce Dart, Jon Lawson,
Rick Tyhurst, Veronica Scheja, Gary Johnson, Marianna Morgan, Mary Ann Moore,
Kitty Brown, Cary Verstynen, Bob Deyling, Bill Magee, Diane Sabol,
Frank Sullivan, Bill Klug, Cindy Arosteguy, Harold Edwards.

July Anniversaries are: Barry and Katarina Bernbaum, Don and Janna Bales,
Jerry and Mary Barker, Cathy and Bob Scott, Frank and Gayle Laza,
Paul and Marianna Morgan, David and Sharon Mathews.

JOCKEYS "MOUNT YOUR HORSES"

FRIDAY, JULY 15 at 6:30PM

**Beer-Battered Fish (Broiled on request), Fries, Beans, Cole Slaw,
Ice Cream and Cake will be served at 6:30 for \$10,
followed immediately by the races and raffles.**

**Sign up to be a jockey,
bet on your favorite filly, nag, number or other jockey,
take a chance on the raffles; but, by all means be there.**

A bunch of fun will be had by all!!

**Joyce and Clark
TGIF Chairpersons**

Come join us for our 2016

July 23rd

Participants Drop off Chili for at least 25 in the kitchen, no later than 5:00 PM with your name on it.

Call Joyce Sheridan 485-8421 if you will be Participating

Non-Participants \$10.00 for tasting

Prizes will be given for different Categories after Tasting and Judging
