QUESTIONS: JOHN T. MEDLEN, REAR COMMODORE - MEDLENESQ@GMAIL.COM

#### Message From The Commodore

Hello All and Welcome to Summer

CIYC is now moving into full swing for the summer activities. Our club has many activities taking place so be sure to check the calendar on a regular basis for updated events. It's easy, just go to our web site. Did you know that we have lots of photos and videos posted on our web site as well? You can even order prints.

Thanks to Gary Johnson and his crew for the annual Anglers Lobster Dinner and Fund Raiser. The meal was well prepared and everyone had a great time. I know that Frank Sullivan is always grateful for our club's support on this event.

By the time you receive this issue of Currents we will have had discussion and voting on repairing our flag pole. Bob Taylor has worked very hard on this project. The flag pole has been in a state of disrepair for several years with heavy rust and corrosion of the steel. We hope that once completed, this will be the final repair for many years to come.

Speaking of the Currents, I'm sure you know by now that our Currents editor Liz Campbell is recuperating at a convalescent facility here in Oxnard. Earlier this year a vote was taken at a general membership meeting that we would no longer be mailing the Currents. Well it looks like this will now be implemented. You will receive your Currents by

email. We will be printing some additional copies for those that prefer a hard copy and they will be available at the club. This should save us about \$3,000 per year. And the Currents will be in color on the emailed version. If you have any photos or articles that you would like included in the Currents please send them to Frank Sullivan. Judy Fraser will be editing this month. Thanks to all for your help and cooperation in this transition period.

Our new front door is in the works. It should be installed by the time you receive this article. Thanks so much to Bob and Mary Lou Taylor for all their help on the improvements to the entryway and offices. Speaking of improvements, many thanks to Rocco Belmonte for many hours of working on a replacement POS and club management system. Once installed our members will be able to go online and check their accounts and make online reservations.

Thanks to all and see you at the club!

#### **Sheldon Berger, Commodore**

## Message From The Vice-Commodore

#### Greetings to All,

First let me talk about our "House". Thanks to Sherie Ireland for helping me clear out the paint shed of about 30 gallons and quarts of old paint. Both the tool shed and now the paint shed are cleaned of old materials and tools.

Also, thanks to Clark Owens, Sue Woolf, Linda McCulley, Mike Farrell, and Donna McKendry for going through our old files (back to 2000), and separating the important files that need to be kept from those that can be shredded. We probably went through 30 + boxes of old files that were stored in the Sail Locker.

We are looking at repairing the flagpole. I have made contact with a company called California Steeplejack. The owner of the company has looked at our rusted pole and mast and has given us a quote of \$6900 to repair and powder coat. More information will be provided to you as any unbudgeted expenditure over \$3000 must be approved by the general membership.

Don't forget to come to the 2<sup>nd</sup> Annual Electric Boat Parade on the 4<sup>th</sup> of July. Frank Laza will be in charge. Register your electric boat with Frank. If you don't have an electric boat and would like to participate in the parade, just sign up in the bar. When we return from the parade there will be hot dogs and hamburgers to enjoy

I am looking for help to cook Wednesday Night Dinners in July and August. I have July 5<sup>th</sup>. and 26<sup>th</sup> open and all dates in August. Please email me at

rstaylor2141@gmail.com or call 805 985-2570.

**Bob Taylor, Vice Commodore 2017** 

Checking and Measuring the Flagpole

#### Message From The Rear-Commodore John Medlen

First and foremost I would like everyone to keep Liz Campbell in your thoughts and prayers. She is going through some tough times right now in the hospital and we all As for cruising, many of you have already sporadically, and therefore, if you wanted at 9:00 a.m. be appreciated.

As for racing events we just finished up the Wild Bill Rig Race on June 10, 2017. Again big thanks to Bill Brayton and Jane Thomas for leading the club with our racing program. We had a good turn out with 8 boats participating this time. As for Finally, I have scheduled our first dinghy the results, here they are: In the Non-Spin party which will be held on July 9, 2017, at Fleet – (1) Wild Flyer from VSC; (2) 1:00 p.m. at Jim and Arielle West's house Zoarces from CIYC; (3) Valero from CIYC; located at 4555 Gateshead Bay, Mandalay and (4) Wai'lani from CIYC. The In Spin Bay. The cost of the event is \$15.00 and Fleet - (1) Troublemaker; (2) Fat Tuesday there is a sign-up sheet in the bar. This from VYC; (3) Fuse'e from CIYC, and (4) event will run for 3 hours, will include en-Kastor Pollux from AYC. Also wanted to tertainment, barbeque beef and chicken thank our Committee boat for helping as skewers, potato salad, beans, and a gourusual with these races. After finishing the met desert. We believe the event will acrace this year my wife, Lisa Marie, and I commodate 60 people at any given time, made homemade chili and cornbread for and therefore, signing up will give us a all of the racers. As usual I want to thank good idea on how to budget for this excitmy wife for her continued help with me in ing day. my duties here at the club. Just a re- See you around the club! minder about the Santa Barbara King Harbor Race (45<sup>th</sup> Annual) which is going to **John Medlen, Rear Commodore** 

be held on July 28. As always, any guestions on events can be directed to me, Bill Brayton, or Jane Thomas.

need to support one another in times like signed up for our "Santa Barbara Cruze" these. I know she is looking at her emails which is going to be held on July 16, 2017 The maximum number I to send her well wishes I'm sure it would could accommodate was 48, and as of the writing of this article the bus is now full. I am accepting back up reservations should anyone already signed up be unable to attend. Just a reminder we are having a bus pick us up at the club at 9:00 a.m. and a return somewhere around 2:00 p.m.

#### Message From First Mate

Hello Channel Islanders and CIYC Members!

First, an official welcome to summer 2017!! Of course CIYC as well as the Islanders' have a full summer calendar!!

Next, I want to let Graham Paine know that we are ALL thinking about you with love and prayers. We miss seeing your cheerful face around CIYC and are so sorry for what you are going through. I met your sister and daughter who are absolutely delightful and knowing that they are by your side is such a blessing. Take care good buddy!!

I also want to wish Liz Campbell a speedy recovery while she is being treated for a blood infection at Glenwood Care Center. We miss you Liz and hope to see you back at the club soon! Hugs and prayers to you.

I feel so fortunate that I am able to submit my newsletter later than usual so I can report on our Father's Day dinner. Since I was heavily involved in cooking...I do not have pictures but I do want to thank and acknowledge all the people involved in pulling off yet another successful Father's Day dinner.

- It all starts with the table setting! Thank you to Linda Weisfuss for her creativity in planning the table décor which was very appropriate for the event. Thank you, as always, to Sharon Sullivan, Erika Barbaric, and Mary Ann Moore for their dedication to perfectly set tables. Also, thank you to Marnie Bech and Sherie Ireland who were also on hand to help.
- As tradition has it, the Islanders Board is in charge of, and cooks the dinner. Thank you to Karen Farrell, Vera Cline, Joyce Sheridan, Ginny Matthews and Laurie Preston. We were fortunate to have Elyse Gonnello volunteer to help as well! We needed her – thank you.
- Thank you to Mary Ann Moore (the Islanders' Purser) for collecting the diners' money, buying the wine, and managing the drawing for 5 lucky dads.

- Thank you to the SERVERS!! Linda Weisfuss orchestrated and managed the team of: Laurie Preston, Ginny Matthews and Elyse Gonnello—Thank you!! I was told the service was timed and plates distributed perfectly as well as very efficient clearing! I also want to acknowledge Dianne Merrill (Lady Dye) who volunteered to serve but hurt her foot and was unable to help. She is a great server and loves to do it. We're hoping to see her 'back on both feet' soon!
- Last but CERTAINLY not least, the entertainment! Thank you to Barbara Brauns for all the planning and organizing... and, of course, her wonderful performance!! Thank you Allison Gabel, Michelle Smith and Joyce Sheridan, what beautiful voices you have. I know this was quite a time commitment with all the practicing, etc. You were all very much appreciated!

By the time you read this the DAV Sail Day will be over. After sending out an email to the Islanders looking for volunteers to help on that day I was really disappointed in the lack of response. I only heard from 4 people out of our membership of 65. The club events always need volunteers so please consider helping when asked and available even if it is just for a couple of hours. A lot of people were involved in the planning so I'm sure it was a very successful event.

What's next for the Islanders?

- July 23<sup>rd</sup> Pancake Breakfast
- August 12<sup>th</sup> Regular Meeting/Social (surprises)
- September 23<sup>rd</sup> Fundraiser "Hollywood by the Sea". This will be a focus on history and fashion spanning 40+ years from the Channel Islands Harbor area.

Please mark your calendars. If you are interested in helping with any of these events, please let me know by email, karenfar@ymail.com or phone 805-512-7795.

See you at the club!!

Karen Farrell, 1<sup>st</sup> Mate 2017

#### Anglers' Corner By Frank Sullivan

#### **Fishing Report:**

Offshore the water is warming and fishing is heating up as well!

The Ladies' Fishing Tourney was a blast, with the ladies on new member Jim Milles's boat *Bad Habit* bringing in 1<sup>st</sup> place with a very nice Calico Bass, congratulations Carole Naylor! Skip Miser's crew on the Dawn Patrol won 2<sup>nd</sup> (Deborah Tyhurst) and 3<sup>rd</sup> place (Lenora Linman).

The Men's fishing tourney had to be postponed again because of gale force winds offshore. We will try to find another opening in the schedule to fill with the Tourney.

#### WSB grow out pen update:

We experienced a die off of some of the fish in Pen#1. It was enough for us to call in the CDFW biologist. It was found that there was a parasite that damaged the fish and weakened them, so a secondary bacterial infection was killing the fish. The prescription was to enclose each of the pens individually with tarps and treat the water with a concentrated hydrogen peroxide solution. This had to be done on all 3 pens for one hour each for 3 days in a row. Our great volunteers stepped up once again and performed the task. So far the treatment seems to be working.

#### Big Fish of the month:

The June Big Fish award goes to Mark Palamountain's 38lb. Yellow Tail

#### **Upcoming events:**

September 8<sup>th</sup> Channel Islands Bill Fish Tourney Kickoff Dinner

September 9<sup>th</sup> to 13<sup>th</sup> Channel Islands Bill Fish Tournament

September 15<sup>th</sup> Channel Islands Bill Fish Tourney Awards Dinner

November 18<sup>th</sup> Anglers' Awards Scampi Dinner

**July 2017**

#### **Doc Lines**

#### **Another Cure for Erectile Dysfunction**

From a small lump of fat, obtained by liposuction, stem cells are isolated and grown. Then the stem cells are injected. The results show that in men with severe erectile dysfunction, injection of stem cells effectively restores spontaneous sexual function. And all this in men unresponsive to Viagra. From Odense University Hospital in Denmark.

#### **Super High Doses of Vitamin C Help Treat Cancer**

Injecting patients with a dose 1,000 times higher than recommended could target tumor cells and make radiation and chemotherapy more effective. Iron in the cancer cells reacts with vitamin C to form destructive free radicals which selectively cause only cancer cells to die. A few mild side effects were observed, such as dry mouth and more frequent bathroom trips. From the University of Iowa.

#### **Prostate Biopsy**

Trained Labradors and Spaniels can sniff prostate cancer in urine specimens in 97% of cases. They sit up straight when detecting a molecule indicative of the disease. If dogs can do it, so can a gas chromatography-mass spectrometry machine being developed to do just that: sniff out prostate cancer. At present, it is 90% accurate in detecting cancer. That could make prostate biopsies obsolete in more than 60% of cases in which PSA is elevated due to a benign disease. Those with prostate cancer will still need a biopsy to determine how angry (aggressive) the cancer is (Gleason Score). From the University of Indiana.

#### **Second Opinion**

Researchers examined 286 patient records of individuals who decided to consult a second opinion. They tried to determine if the second opinion specialist changed the primary doctor's diagnosis. And they found that in 9 of 10 patients the diagnosis was either refined or changed.

Among the updated diagnoses, 66% received a refined or redefined diagnosis, while 21% were diagnosed with something completely different from what their first physician concluded. These are alarming numbers. If you are misdiagnosed, the treatment is not only ineffective but may be dangerous or fatal. The troubling part is that insurance companies often limit the ability of patients to visit multiple specialists. From the Mayo Clinic, Rochester, Minnesota.

#### Tea and Dementia

Drinking any kind of tea reduces the risk for cognitive decline in 50% of senior citizens. From the National University of Singapore.

Your Fleet Sturgeon, Zoran

Thanks to Erika for editing.

#### **An Updated Comprehensive Public Works Plan or Piecemeal Planning**

What is Best for Channel Islands Harbor, its Businesses, its Boaters and Commercial Fishing, the Wildlife, the Community and the Public

The current PWP was certified over 30 years ago in September of 1986. There has been no update since then but a string of 7 amendments. All these amendments point to the need for a complete comprehensive update of the current Public Works Plan (PWP) for our harbor. This continuous series of amendments prevents everyone from seeing the ultimate development plan for the harbor. This is piecemeal planning at its worst. The question is why must harbor development be conducted in this manner.

It obscures the intended next stage of development not only from the public, the City of Oxnard, other public service agencies but from the Coastal Commission as well. It obstructs coordination and planning from other entities whose input and planning is critical for related infrastructure support and services such as water, sewer, trash, fire, police, traffic management.

The Coastal Commission in a December 1. 2008, letter from then Executive Director, write at the request of the Coastal Commission to convey the Commission's strong request to the Board of Supervisors asking that the County avoid piecemeal amendments to the Channel Island Public Works Plan (PWP) for landside development... This

would provide the County, the Commission and the public the opportunity to comprehensively analyze and address the interrelationships between these developments and their potential impacts on public access, scenic resources, sensitive habitat, air & water quality, and public recreation."

This "two step process" and "mothballing of sites" were also noted in the Coastal Commission December 9, 2009 hearing.

More recently during the Coastal Commission hearing of July 14, 2016, Commissioner Mary Shallenberger said, "I just want to say again, I really don't like project driven amendments. We're left with what we think the project is going to look like...what we think is going to be there."

What is also of concern with this "piecemeal amendment" process is what may not be disclosed. Were the Commissioners told during the PWPA 6 hearing for the replacement of the Casa Sirena Hotel with height variance for the parcels F and F-Peter Douglas, requested such an update "I 1, that on April 19, 2016, a section of these same parcels had been also awarded to Channel Islands Properties, LLC (the developers for the proposed Fisherman's Wharf project) through an ERN for a future development proposal? In the Harbor Director's letter to the Board of Supervisors dated

April 19, 2016 "ERN will establish revised timetables for CIHP...These deadlines include dates for CIHP to reach an agreement with Brighton on potential division of the existing parcels."

The community supported the hotel project and height variance at the March 22, 2016 Ventura County Board of Supervisors meeting. The amended reinstatement of the expired ERN for parcel F and F-1 a month later came as a surprise and was opposed by the community. The community also expressed concern regarding any negative impact or delay regarding hotel replacement project which it supported. This further reinforced public distrust in this type of piecemeal tactic. This same apartment developer also got another expired ERN amended and reinstated for parcel X-3

on the West side of the harbor that is currently designated as visitor-serving and harbor oriented. The developer is not required to make proposals for these parcels until their Fisherman's Wharf project progresses.

This piecemeal planning tactic using project -driven amendments to get development approved in the Coastal Zone must end. The comprehensive harbor development plan, updated PWP, should be clear and open to the public, the City of Oxnard, and the Coastal Commission so that reasonable and informed decisions can be made that are consistent with the Coastal Act and the public's interest. What is now needed is an updated Public Works Plan not another PWPA.

Oppose this on-going piecemeal planning of Harbor development and demand an updated Harbor Public Works Plan that provides a clear and open planned vision of the Channel Islands Harbor.

### Fifth Classical Guitar **CONCERT** at CIYC

Save the date! Tuesday evening, August 1<sup>st</sup>, 7 p.m. (Bar opens at 6 p.m.)

Alex Park and Wesley Park are back by popular demand with a new program. The two virtuosi studied under Christopher Parkening at Pepperdine University, and also under Andrew York. They won, or were finalists in, a number of classical guitar competitions. They will perform pieces by Tarrega, Albéniz, de Falla, and many others, either as soloists or as a duo. This will be the most exceptional classical guitar concert in Channel Islands Harbor, EVER! This is the closest many of us will come to experience what it is like to be in Carnegie Hall. The event is held with a center stage and theater-style seating with the tables removed from the dining room. And, the best news, is that it's free. We welcome donations to our artists after the concert. The bar will be open, and one can bring drinks into the concert hall. As always, we will provide simple hors d'oeuvres during intermission.

#### Friday Night Salad Bar 6:30-8:00

On Friday evenings when there is no other food service CIYC is pleased to introduce the Friday Night Salad Bar. On a rotating basis there will be a specialty salad, Greek, Italian, Mexican, Chinese Chicken, or garden salad. The featured salad will be advertised in advance.

By popular demand, the salad bar is returning at \$5.00 for a single-trip bowl. Bowls can be purchased from the bartenders and paid for in cash or on your bar tab first come, first served. To-go containers are not be available.

#### Join us for Salad Bar Friday!

#### **BIG CIYC YARD SALE FUND RAISER**

July 22 8:00 AM

Clean out your house and garage and bring all of your good "stuff" to the club the week before the big event.

Come and join the fun. Jack Borkowski will be manning the BBQ, making hamburgers and hot dogs. To help or for further info call Linda Weisfuss or Joyce Sheridan.

AAAAAAA

#### DAV Sail Day

#### DO YOU KNOW?

#### **Bill Brayton & Cindy Arosteguy** As told to Keith & Mary Ann Moore

Bill Brayton is a lifelong surfer from Huntington Beach, CA and for 21 years, an avid and enthusiastic sailor-thus the moniker, "Wild Bill." In 1997, he started a new job with the Automatic Transmission Rebuilders Association (ATRA) and moved to the Channels Islands Harbor. Bill has two children. Windi Summer and Nick. and grandchildren, Tiahna and Brooklin.

Bill joined CIYC in 1999 and is our **Principal** Race Officer and Captain of CIYC's Racing Associate Members (RAM's). In 2009, Bill

received his certificate as a US Sailing Club Race Officer. About three years ago Bill noticed that the oil rigs near the Channel Islands would make a challenging sail-race course. So, Bill organized the Channel Islands Harbor "Wild Bill Rig Race." This is now an annually CIYC sponsored sail race. Bill also made and donated the perpetual trophy that is in the CIYC trophy case.

Cindy Arosteguy is from the south side of Chicago and moved to California when she was in high school. She holds an M.B.A from the University of LaVerne and has over 30 years in developing software for large corporations. Cindy has a daughter Nancy married to Chip for over 25 years. She has two grand children, Ryan and Brendan. Cindy also just became a great grandmother to Julian.

Cindy joined CIYC in 2011 and was CIYC's Cruising Director for two years. She planned and organized the sail and power boat cruises to the Channel Islands. She also assists the CIYC Sail Race Committee (and Bill) at the sail-race start/finish line and helps tally the race results.

Bill and Cindy have a Catalina 36 sailboat aptly named "Maverick.". They brought it to the Channel Islands Harbor five years ago and race it every chance they get. They also cruise to Santa Cruz Island and further south to Catalina quite often...to relax and swing "on the hook" with other cruisers.

Their absolute best highlight in racing (2016) was winning the 125 mile open ocean race from Newport **Beach, CA to Ensenada, Mexico**. They beat 25 or so other Catalina Yachts with the Fastest Catalina to Finish trophy. The trophy proudly hung in CIYC's bar most of last year.

Bill's passion for helping others is demonstrated by his work to organize the CIYC Disabled Veterans Sail Day. On Sunday, June 25th, disabled veterans were bussed in from across Southern California for a day of sailing on the ocean and a BBQ dinner on the lawn. This

year was the 5th annual event. Many of the CI Harbor boats volunteer to participate and since it has become such a success, the **Disabled Veterans Sail Day** is now a 501c3 Non-Profit Corporation.

Bill and Cindy want to thank CIYC; "We have had such a great time running this event, and wish to especially thank CIYC members that volunteer their time to make this event happen. The experience has just been awesome!

And to this, let's hear it from all of you ..." HELL... YEAH!" (as enthusiastically taught by Wild Bill). Tune in next month for another visit with our club members and a DO YOU KNOW? Keith & Mary Ann Moore

# YACHT CLUB CRUZE SANTA BARBARA

Sunday, July 16, 2017 @ 9:00 a.m.
