## Message From The Commodore Larry Golkin

Welcome to this, my first article as your Commodore for 2009. I am honored to be in this position and look forward to working with a great group that comprises the Board of Directors. Jr. Past Commodore, Frank Sullivan did such a good job. He is to be congratulated. Personally, I thank him for the opportunity to have served as his Vice Commodore. I learned a lot, but more importantly, I got to know a fellow whom I very much admire for his honesty, courage, resilience, and calm level headedness. During a year that followed one mired in many ways by contemptuous feeling and rivalry, and marked by change, Frank led us into the sunshine. Nice work, Frank.

I hope you enjoyed the exceptional New Years Eve celebration at CIYC. The **'New Years Eve Crew'** sure put a lot of work into great food and entertainment. I hope you will all accept my best wishes to you and yours for a happy, healthy, safe, and financially sound new year. Now, fasten your seatbelts, because 2009 is going to be a hell of a lot of fun. Initially, there will be a few changes around the club you will want to be aware of:

First, starting January 1, our club will be open every day except Tuesday. The club's operating hours will be Monday through Friday (except Tuesday) from 5:00 pm until 11:00 pm. On Saturday and Sunday, the club will be open from 1:00 p.m. until 11:00 p.m.

Additionally, all member key cards will be adjusted to give you free access to the building at any time, day or night so that you may come and enjoy yourselves in the splendor of our newly renovated facilities. In that regard, many of you may wish to entertain yourselves and friends and fellow club members by preparing a brunch or breakfast on a weekend. If this is your desire, please feel free to make it so. In doing so, you will want to consult with Rear Commodore, Georgie Olsen, to make arrangements to have access to the galley.

The idea is this: **THIS IS OUR HOUSE! WE WILL USE IT WHENEVER WE PLEASE.** The club is for you to enjoy. You pay for it, so you shall have it. Please keep in mind, however, that each of us is responsible for our own selves. Please pick up after yourselves and be mindful of the club's House Rules published in the roster. By doing so, we will all have an opportunity to enjoy the club.

Moreover, Board Meetings, held the third Tuesday of each month, will be open to any member who wants to come and listen. Should you wish to address the board on any particular issue, however, I ask that you notify me at least 3 days in advance so that I may place you on the agenda for the meeting.

I, as Commodore, will hold an office hour each week. Usually, it will be on Friday night from 5:00-6:00. I may change it from time to time, depending on the season. I will try to publish it. For the months of January, February and March, however, it will be Friday evenings from 5:00 to 6:00. Also, please feel free to contact me via email ([larry@golkinlaw.com](mailto:larry@golkinlaw.com)), any time you have a question or concern.

As you peruse this issue of Currents, take note of the many fun events we have planned for January and February. Take special note of the Ship Shape dates. Whether you wish to cook, or to clean and paint, this is a self-help club and every one of your contributions makes a big difference. Remember the story of the old gardener who, while laying a stone wall in a country estate, was asked by the owner why he used so many small stones along with the large ones? He said, "It's like this. These stones are like men. Many small men like me are needed to keep the big ones in place. If I leave small stones out, the big ones will not stay in place and the wall will fall." Well, the same logic applies to us as a club. If we all do a little, it will add up to a lot.

See you at the club.....

## Message From The Vice Commodore Mary Foster

Once again, at year's end, the most delightful time of year  
As we change our watch to the new command  
Our hearts are filled with gratitude our club is bright and full of cheer  
We thank the team of 2008 for bringing us here

As I move forward to serve as your Vice Commodore, I have pangs of apprehension in following the foot steps of Frank our Commodore and Larry our Vice Commodore. The records they have set will be a challenge; difficult to match, needless to say, surpass.

I pledge to you to set these goals: to follow through and create a happy atmosphere at your home away from home. I will strive to protect our assets and continue to make Channel Islands Yacht Club the best. I know I have your support. I take pride in our traditions and will continue to abide by those standards set forth.

The team of 2009 will not falter. We are prepared.

I send my love and very best to each and every one of you.

Mary

GET RID OF THOSE END OF WEEK CRAZIES

## Happy Hours At The CIYC Ward!

FRIDAY NIGHTS 5:30 - 7:30 P.M.

BRING A "MUNCHIE" TO SHARE.

FEATURED WINES, BEERS, AND COCKTAILS

Enjoy Your **FRIENDS** and **CIYC FAMILY** at **CIYC's Bar**

**EVERY FRIDAY NIGHT!**

## Message From The Rear Commodore Georgie Olsen

It's hard to believe that 2008 is already history and we are embarking on a very pleasant New Year. How about the Renovations!?! Great aren't they? One heck of a lot of work went into making it all happen. Thanks so very much to Commodore Sullivan and Rear Commodore Mary Foster.

Our Commodores spent the better part of two months at our club from 6:00AM to 5:00PM; not much of a life for them but they persevered and kept the workers going every day. As you all know, there were some glitches and delays but they both worked very hard at staving them off. My task will be a great one as I'm sure no one can fill Mary's shoes. We all work in a different manner and, with the rest of the bridge to back me up and a lot of you to help me, I have some good plans in the works. As you know, we will be looking into finishing the Bar, then the bathrooms and, hopefully, by opening day we will have the classiest Yacht Club around.

Thank you seems so small a phrase to the hard working members of this club that stepped up to get dirty and put together a wonderful Parade of Lights. Those who were here know who they are and deserve special kudos from those who weren't. You can be very proud of CIYC, yesterday, today and tomorrow, as we join together and make 2009 one of the best years ever.

Remember folks, this club runs on teamwork by everyone. This is a self help Club and that says it all.

Step up to help in anyway you can. The inner rewards as well as the outer will make us all feel great.

Joyce Sheridan will be my Chairperson handling Saturday Dinners and Socials. Please, please, please step up and offer to help her in the kitchen. I'm also looking for people to help out with Wednesdays. I'm fully aware that a lot of people prefer not to cook for large crowds (myself included) but we all need to step up to the plate and at least take one or two days in a year. This will keep Wednesdays going. We will continue our fun night but without some help this will be a daunting task. Call me if you would like to chair a month, in which you would find 4 cooks for that month or would just like to take one Wednesday. Either way would be so much help. It is, however, up to all of you members to extend a helping hand now and then.

Our first Ship Shape Saturday is on the 17th of January. So put this on your calendar and come and give a "what for" to the old and a "big hello" to the new.

Yours Respectfully, Georgie Olsen , Rear Commodore

---

**January 3 - Pot Luck after the Commodore's Cruise**

**January 10 - Change of Watch**

**January 17 - Deli Sandwiches available before and during the Texas Hold'em Tournament**

**January 24 - Beefeaters Dinner featuring Whiskey Braised Brisket of Beef**

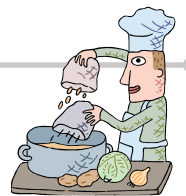

**January 31 - Stuffed Chicken Breast by Sue Warden**

I am trying to get 12 co-chair people who will each take one month to find Saturday Night cooks for the Saturdays that are open. Most months will have only 1 or sometimes 2 Saturdays to fill so please call and volunteer to help. We all have friends who like to get in the kitchen so now is the time. I already have 4 volunteers so call and get your name on the list.

**Thank You,**

**Joyce Sheridan**

**Galley News

Channel Islanders  
Georgie Olsen

What a wonderful way to start a New Year! The work done on the Club so far is just awesome.

Christmas decorating had to come a little late this year, but it was well worth the wait. We managed to get the tree up and decorated before the Parade of Lights. I can't tell you how many wonderful ladies and gentlemen jumped in to give a helping hand. Of course, it all turned out to be wonderful and the season came alive once again at the Club. I'm not used to praising things before they happen but I'm sure that all of you understand that the Currents must go to print about the 15th of each month. So here's to a **Wonderful and Happy New Year.**

The Islanders have a great program lined up for you this up coming year. The Board is loaded with very special ladies who are very willing to jump in and make your year great.

### Islanders 2009 Board:

<b>First Mate: Georgie Olsen</b>	985-1732-H 320-1675-C
<b>Second Mate: Daphne Hetherington</b>	688-0330-H
<b>Recording Yeoman: Sharon Sullivan</b>	985-6155-H
<b>Corresponding Yeoman: Liz Campbell</b>	382-6819-H 816-1542-C
<b>Purser: Angela Jackson</b>	382-3338-H 889-7457-C

### Committee Chairpersons:

<b>Membership: Mary Foster</b>	984-4290-H
<b>Luncheons: Evelina Arglen</b>	985-6036-H
<b>Hospitality: Sharon Sullivan</b>	985-6155-H
<b>Sunshine: Sharon Deyling</b>	985-0603-H
<b>Photographer: Sue Warden</b>	985-3311-H
<b>Telephone &amp; Reservations: Ellie Bishop</b>	985-7523-H
<b>Bobbie Nowitski</b>	985-2340-H

Look forward to many fundraisers this year.

Our first Board Meeting will be on Friday, Jan. 2, 2009 and our installation will be on Thursday, January 22, so put these dates on your calendar and come join us for a special lunch and a chance to enjoy one another.

## Angler's Corner Frank Sullivan

Angler's dues of \$10 for the 2009 fishing season are now due. Please send in your dues with your regular club dues billing. If you forgot and sent it in without the angler's dues, you can provide a SEPARATE check made out to Channel Islands Yacht Club and put **Angler's Club** in the memo section of the check and send it to the Club.

We intend for this to be an exciting and fun-filled year. If you are a current member, you know the drill but, for those of you who are new and may want to join in the fun, here are the details:

For only ten bucks, you will have a distinctive looking fish next to your name in the CIYC roster; participate in the Club's Tournaments, be eligible for the **\$50 Big Fish of the Month Award**, as well as the **\$100 Big Fish of the Year Award**.

Many months go by when no, or few fish are weighed in which means that the ¼ lb mack may be worth \$50, so weigh him in! An Angler can only win once a year so we should have 12 different winners.

Angler's Club funds have, in the past, been used for projects around the Yacht Club, for the betterment of our fishing experience, and to support the White Seabass grow-out pens in the harbor.

Last year the Anglers donated \$1000 towards the Dining Room Remodel and purchased a stand alone back-up hard drive for the Club's computers.

This year I am soliciting ideas from the members on how to improve the services of the Angler's Club. In April, we will again start our meetings on the third Thursday of the month in conjunction with the Channel Islands Anglers (CIA). We will have speakers on fishing techniques and fisheries issues. This is not a formal meeting but a time to share fishing stories and brag about the big one that didn't get away. We will continue with it this year. Please enclose a note indicating your interest or any other ideas to benefit the welfare of the Club.

If you wish to join this elite group please respond by January 30<sup>th</sup> so we can put the fish logo by your name in the CIYC Roster.

### WSB grow-out pen update:

Some time in February we should get this year's first batch of juvenile White Sea Bass for the pens. When we get them they are usually only about 3 to 4 inches long. When released, the fish are often 7 to 12 inches long. The purpose of this program is to replenish the ocean stock. Once released, it takes 4 to 5 years for the fish to reach the legal take limit of 28 inches. Each fish has a hidden coded wire tag embedded in its right gill plate. The tag is detected by a magnetic sensing device when the heads are turned in to collection stations. The guys from Hubbs-Sea World Institute said they are having a hard time getting folks to turn in the WSB heads from their catches especially from the charters, so please insist that the deckies lop off their heads and turn them in for the Hubbs research. We need the information we gain from these returns.

Although the hatchery supplies the 11 grow-out pens from Channel Islands Harbor to San Diego with fish, food, nets, and technical assistance, the labor is provided by volunteers. Labor consists of unloading fish when delivered, filling the feeders (about every 2 days), scooping out the dead fish and checking for disease, recording mortality, checking the bird net and predator net, maintaining the pens, and releasing the fish under the direction of the hatchery coordinator. Currently all the volunteers that handle the Channel Islands Harbor grow-out pens are members of the Channel Islands Yacht Club, Anglers.

### Upcoming events:

**March 28<sup>th</sup> (Sat), Annual Angler's Club Lobster Dinner**

## Historian

Being around **CIYC** for a number of years, one observes and participates in various events to be remembered with a smile or at least a snicker. Early on, some of the club events that currently occur within the confines of the clubhouse were held at various alternate venues, such as local restaurants, private homes and at beach and marina locations. In addition, members had other outings that resulted in bonding of participants. These outings included events such as cruises, ski trips, rodeos, park picnics, RV trips and others.

As the year unfolds, I will try to relate information relative to activities from the clubhouse and alternate locations as I remember them and from other sources, such as photos, early Currents, rumor and wherever info turns up.

### A quick look at **CIYC**

My first experience with **CIYC** was during the 1971-1972 time period. I had a boat berthed on C dock just in front of the **CIYC** clubhouse and was aboard most weekends. Friends would invite me to dinner at the club. As I remember, the clubhouse was small, the kitchen was outside on the ground floor and separated from the upstairs meeting room. The meeting room was maybe 30' by 50' feet with a small bar in the same room. The dining area had narrow tables and folding chairs. The area where the current bar is located was an outside deck. The kitchen was basically where the downstairs kitchen is currently located; the sides of the kitchen building had hinged panels that folded up to the ceiling above the food serving counters. When the food 'ready bell' rang, the diners would go down the stairs to the kitchen, pick up their food and silverware and take it up to the dinning area. Great fun.

Prior to the clubhouse being built in the early 70's, the founding members of the club were busy trying to organize and get a Yacht Club started. These early members had original meetings in a building located on the Wharf in Port Hueneme. These folks got the job done and named it, **CHANNEL ISLAND YACHT CLUB**.

The club was incorporated in 1960. The members had great foresight by picking the name as well as starting a yacht club several years before Channel Islands Harbor was constructed. The **CIYC** burgee was selected from a design by Greg Beisel who passed away in 1975. We have a lot of very thoughtful people to thank for helping us to get to where we are today.

Several years later, Phyllis and I moved to the beach at Silverstrand and again we were invited to attend functions at **CIYC**. In the time since our earlier exposure to **CIYC**, many changes had been made. The clubhouse had been built-out to almost its current configuration with a separate Bar room, fireplace room, upstairs kitchen, and other upgrades for the enjoyment of the members. Following 2 or 3 visits we were able to join the club in 1980 and hopefully have contributed to the welfare of the club since.

Another internal clubhouse refurbishment was accomplished in 1987 as a member do-it-yourself project. The members added carpet, paint, bathrooms and some new chairs and tables for the Bar and Dining Room. Other improvements were also included to really spiffy up the clubhouse. It was really a fun effort as many members pitched in to help.

As 2008 comes to an end, **CIYC** is very busy celebrating the Holidays, the Parade of Lights, New Years Eve, and the completion of the much needed complete interior refurbishment of the clubhouse. This effort includes electrical, acoustics for the ceiling and walls, floor coverings, paint, and much more. Completion of this project resulted in a beautiful and colorful clubhouse for members to experience for many years to come.

NOTE- several years ago the Parade of Lights was a function of **CIYC** and **PCYC**. Each club organized and managed the entire Parade on alternating years. Eventually, the local business owners assumed control of the Parade of Lights operation.

Disclaimer:

The phrase "I Remember" may be affected by age, booze, golf, sex, and many other good things and may lead to some inconsistencies.

## Bud Gerding

Happy New Year, 2009

Hi Frank: Happy to hear that all is going well at the club. From the emails you send out, it sounds like everyone is having fun as always. We have met many new friends along the way and many in the Baja Ha Ha remember staying in Channel Islands because of the hospitality extended by the club.

Everyone tells me they have never seen any club quite like CIYC and it makes us very proud to be members so do tell everyone their efforts do not go unnoticed by the cruising community.

I am glad you like reading about our adventures. They continue to come fast and heavy and I can hardly keep up with the write-ups. You may want to check out two new ones I recently uploaded to the webpage: <http://www.clasolutioninc.com/WindSong.html> The latest one is on our adventures in the sea of Cortez and contains a Christmas greetings for all our family and friends.

Merry Christmas and Happy New Year Annette and Ed

## Hello Boaters and Waterfront Lovers

### WEATHER

Our weather seems to be changing to winter quickly. With the rain storms, we will also receive the high pressure from the desert which can produce the Santa Ana conditions. Be sure to pay close attention to weather advisories during months leading up to March. I move to the 210 boating plan about this time each year which is planning all my boating from 210 degrees compass to the West. This allows me to most always have a down swell condition coming home condition which makes for a nice ending to each trip. Going east of 210 degrees will put you in risk of getting caught in high winds and seas on your bow which can be very uncomfortable. If you happen to get caught south of Mugu Rock/Point Dume in very heavy seas consider setting course to Marina Del Rey until the winds calm.

Also be aware of heavy surf breaks near the Santa Clara River mouth. Stay offshore at least one mile and, when approaching the entrance to Ventura Harbor, steer to the large entrance approach buoy and set your course through the channel entry. If the entrance is breaking, proceed to Channel Islands Harbor for a safe alternative. If you feel you want to enter regardless, approach the West jetty close and slow until you are getting close to the breaking swells, next take a few minutes and count the sets meaning swells come ashore in groups of four or five to a set. Between each set is a flat space that is equal in distance to a set. After watching a couple of sets and getting your timing down, wait for the next set to come and ride the back side of the last swell at full throttle thru the entrance to the safety of the inner harbor. You probably won't do this more than once after considering the risk you just took.

### FISHING

Our summer fishing has stopped with the colder waters. Reports from member John Korner show that he has been catching some nice rockfish in the areas between Anacapa and Santa Cruz Island. Catch him at the club watering hole for details of tackle and GPS numbers.

Other than that, we are trying to locate the best area for clamming. Silverstrand Beach has all but quit producing. Maybe next month we will have found them and be able to give out good information. This a great time to fish Surf Perch. A relatively easy fish to catch and requires no boat. Simply purchase a rod and reel that you can cast say 40 feet with ease. I use a spinning reel in the 10 to 15 pound class size and spool up 8 pound test. This allows me plenty of line to cast and you get more distance with the larger reel spool allowing the line off the reel faster than a small spool. Next string the line through the rod guides pulling enough out to a the reel end of the rod for easy handling while tying on hooks and sinkers. Next take a 3/4 ounce egg sinker and slip it onto your line. Take a small #8 barrel swivel and tie it on the bitter end of the line which will stop the sinker from sliding off the line. Next take a 3 foot piece of four pound test leader line and tie it onto the opposite end of the swivel. Now tie a number 6 barbed hook directly to the end of the leader. Bait will be a plastic grub about 1 1/2 inch long and root beer in color. Simply cast out 30-40 feet and reel enough to keep slack line taut and watch the tip of the rod for bites. Some of these perch will go up to 2 pounds and fillet out make great battered fish and chip fish.

## PROTOCOL

Protocol isn't just "Miss Manners" but as the Fiddler on the Roof would say it's our "TRADITION". As a yacht club, we draw our traditions from the Navy's of the world, other yacht clubs and of course we make many of our own.

One of the important traditions is **Change of Watch**. This is the ceremony in which the change of power/responsibility occurs. For CIYC, this happens during a couple of events. We have a Change of Watch dinner at which we recognize the outgoing Bridge (Commodore, Vice Commodore, and Rear Commodore) and the Directors. We then acknowledge our new Bridge, Directors and Flag Officers. The Flag Officers are the 3 commodores, Secretary, Treasurer, Port Captain, Fleet Captain, Fleet Surgeon, Judge Advocate, and Chaplin. Change of Watch has been held both in December and in January. But no matter when the ceremony happens the actual "Change of Watch" or the change in responsibilities happens at 12:01AM, January 1st, New Year's Eve.

Attire for Change of Watch is traditionally club attire for the men and Cocktail dresses for the women. But don't stay away if you haven't found a blue blazer yet. A suit or sports jacket is fine.

For the new members, when you hear "club attire", we mean your blue blazer with bullion (the club patch), white shirt and depending on the time of year, white or gray slacks/skirts. When do we change from gray to white? The two dates to remember are: **Opening Day**, we go from gray to white and **Labor Day**, when we go back to gray.

Another of our January traditions is the Commodore's Cruise. Please make sure you are there!

## HEAVEN CAN WAIT

\$1,284,000

*Live The Dockside Lifestyle*

### 4614 EASTBOURNE BAY

*Mandalay Bay*

*2 Bedrooms, Master Downstairs & 2.5 Baths  
Large Loft for Family or Game Room  
Gourmet Kitchen with Granite Counter Tops  
Custom Cabinets and Uniquely Designed Center Island  
Professionally Landscaped Grounds  
No Mello Roos*

*Remodeled and Upgraded..Great curb appeal & location on beautiful grassy greenbelt. Plenty of room for that second boat dock. Beautifully remodeled kitchen with top of the line appliances. A grand service island with tons of storages, a trash compactor, and seating for six people. Dining room has customs built-in cabinet and a dry service bar. Romantic downstairs suite with a bath tub built for two... and seperate shower. Two bedrooms upstairs have been converted to large family room-office with a viewing balcony. This room can easily converted back to its original state. Large living room with high ceiling & fireplace open to trex deck which leads to 40 foot easement with dock right behind your home. #1 Southern and Western exposure make this home light and bright.*
