RELAXING

From the Quarterdeck

2024 Commodore Deborah Tyhurst

Ahoy, Shipmates!

While the summer weather is slow to the start, it has not slowed down our festivities, and CIYC is ready to come out and play! Our Parades, Barbecues, Dinghy Party, Dinners, Games, Fishing, and Races are in full swing and fabulous, and will continue in upcoming months. See the details in **Marc's** and **James's** articles. Thank you to these Commodores and **ALL** of you who have made our events happen and those who have attended!

The nominating committee for the election of the 2025-2026 Board of Directors was voted upon at the June General Meeting. The committee members are **Dan Estabrook, Ann Marie Gross, Mike Greenup, Kat Sotiridy, and Sue Woolf**. They will present their slate of candidates at our August 23rd General Meeting. At the General Meeting on September 27th additional nominations may be made from the floor and we will then elect four new Directors. At the October 25th General Meeting, from a total of nine Directors, we will elect your new Commodores for 2025. We hope you'll make plans to attend all of these important meetings.

I'd like to give a big shout-out to **Bill Elswick**, our Techno Wizard, and to Currents Editor **Debbie Mitchell** for donating another TV for the bar. Also, **Bill** has installed new and additional high-powered security cameras throughout the club and kitchen that are now **being monitored regularly**. Thank you to **Bill** and his security team.

The #1 Member of the Month...Drum roll

Has been a member since January of 2023. This member has attended, helped, and cooked for many CIYC events and dinners...has donated and skippered a boat for CIYC events... In a short tenure, has sponsored several new members and introduced a number of guests to CIYC...jumped right in to lead the Beefeaters... our electrician extraordinaire...have you guessed yet?

Congratulations, Phil MacPhail! Enjoy your special parking spot during August. You deserve it!

We continue to add new talented and eager members. Our membership team, **Frank Sullivan, Sue Woolf, and Eileen Gault**, have been doing a great job in getting our new members started. The Welcoming Committee, chaired by **Rene Aiu**, has stepped up to make sure our new members are welcomed and acclimated. We had a great New Member Orientation on 7/21 with many of you attending to offer helpful hints and to answer questions from our newest members. There is a 'new member board' adjacent to the front door to help us all identify new additions to our CIYC family. Spend a moment to take a peek at the photos and join me in making new friends and reaching out to these leaders of the future!

Our next Open House is on 8/18 from 2PM – 5PM, so let your friends, co-workers, and family know. Your Board has been doing a fantastic job and nearly everyone who attends wants to join the best Yacht Club in the 805.

THANK YOU, ALL!

THAT'S A WRAP!

SEE YOU ON THE WATER OR AROUND THE CLUB, SHIPMATES!!!

From the Quarterdeck

Vice Commodore Marc Gault

July was fun!

The 4th Celebration and the 14th Dinghy Party were outstanding successes for the club. Thank you, Gayle and Frank Laza, for all your E-boat fun!

A shout-out to Marlin Simpson for providing a great venue for our first Dinghy Party for 2024. Also, big congratulations to Jim Moriarty for the best hamburger of all time! Thank you to James Glass and Phil MacPhail for supporting Jim at

the BBQ. And, of course, no party would be complete without Linda Greenup's decorating. She is always willing to give of herself to make every club event a spectacular, beautiful success.

I know it's only August, but I have to mention the Parade of Lights. George Hornberger will be this year's Chair for the CIYC entry. Eric Dobbs has volunteered his beautiful Maxim 46 for this year's parade, and our team gets to start planning and fabricating now. George is joined by Jim Moriarty and Greg Schomaker to make it happen. If you are interested in helping George get it done, please contact him; his number is in the Club Runner directory.

The Ship's Store had its Grand Opening last month, and clothing is flying off the rack. Thank you to Michele Loman and Petronela Harris for making it happen. The girls are continuing to add stock to the store, so if you would like to buy something, contact Michele, Petronella, Eileen Gault, or Marc Gault, and we will open the store for your purchases/orders.

We are entering the best time of year on our Channel Islands waters. Fishing is starting to get hot, and Tuna is being caught not too far from us. White Seabass and Halibut are regular catches, so get out there and enjoy our fantastic coastal waters and islands.

Also coming shortly, in September, is the Channel Islands to Marina Del Rey Race. This event is our largest racing event of the year. CIYC sponsors the event and provides a fantastic breakfast and Rib Eye dinner to over one hundred racers. That said, Jane and I are going to need a lot of help. The planning is just beginning. If you are interested in helping with this event, contact Marc Gault as soon as possible.

Garry Kraft is continuing to heal after his shocking incident at the breakwater two months ago. The scheduled Santa Barbara cruise on the 8th is still a go, so if you are interested, contact Garry for details.

From the Quarterdeck

Rear Commodore James Glass

Greetings to All,

Our July began with an amazing BBQ prepared by the Holiday Supper Club on the 4th. We served close to 100 people with the help of **Dan Estabrock, Marc Gault, Linda Weisfuss, Katie Love**, and yours truly. As usual, **Linda Greenup** had the club decorated: this time with fireworks centerpieces and plenty of Red, White, and Blue!

Crème had another amazing meal led by **Lisa Medlen** and crew which included **John Medlen and Pat and Judy Campea**. This was Pat's first time back in the kitchen cooking since his back surgery.

They did a spectacular Sunday Brunch that did not disappoint!

Welcome back to the kitchen, Pat!

The Epicureans created a culinary masterpiece with their Rack of Lamb led by **Joyce Sheridan** & crew. **Phil MacPhail** and the Beefeaters prepared a top-notch prime rib dinner while we got to enjoy the music of Mac & D.

The Wednesday night dinners have been amazing and entertaining. We enjoyed **Frank Sullivan's CIYC Poker Players** Salad/Baked Potato bar, **Burt Stillar's** Chinese food from the Mandarin House, **Eleanor Hovaten** & crew's Tuscan Chicken, and **Deborah Tyhurst's Property Posse's** Thai Food that was to die for.

TGIF & Birthday Bash was a great success; the club was filled with happy and well-fed members. **Joyce Sheridan** and crew presented their popular Fish Fry, while **Vera and Bill Cline**, along with **Elyse Gonnello and Katie Love**, had our horses running with great enthusiasm. Such a great event, and always well attended.

Back by popular demand, hot dogs are available for Thursday night Trivia. Now you can enjoy a hot dog while working with your team to answer questions and outsmart the competition.

If anyone has questions about leftover food/ingredients in the fridge, please feel free to give me a call, text, or email before helping yourself to it. Very often we try to incorporate those leftover items into future meals, thereby saving money for our club.

Special thanks to all who cooked this month and made it such a special and successful July!

The House: We have installed a waterline to our new water cooler in the fireplace room. We also installed our new TV over the bar, just in time for football season which starts next month. Vintage Marina is still chipping away at exterior maintenance: This includes replacing dry rot on the stair treads and siding.

A special thanks to **Frank & Sharon Sullivan!** They have graciously donated a fire pit for our rooftop deck.

You now can enjoy our rooftop deck with more warmth and additional ambiance.

It gives me great pride and pleasure to be a part of and to serve this wonderful group and family!

James Glass, Rear Commodore 2024

James Glass (805) 712-9730.

Anglers' Corner

By Frank Sullivan

WSB Grow-out Pen Update :

After the White Seabass were released we had a Volunteer Diver, Kenny Valentine of Custom Care Boat Service, dive the pens to repair some holes in the predator net. While doing so he found that approximately 50 small stingrays had taken up residence inside the pens. Evidently they entered through the net mesh while smaller, then grew too big to get out. Kenny volunteered to cut a section of the net, herd the stingrays out, then repaired the net again. Thank you, Kenny!

Big Fish of the Month:

Kelly Sloan won the Big fish of the month with the 10lb Sheephead pictured here.

Update on Karls Fisherman's Wharf Development

Karls development design team are in the process of revising their site plan based upon their site reassessment during the July 4th weekend. They went through all the buildings at Fisherman's Wharf to reconfirm which buildings could be reused. Unfortunately, they found some of the buildings in worse condition than previously anticipated.

They are in the process of doing the schematic drawing of their plan to submit to the Harbor Department as required by lease option agreement schedule. They do not expect to make any major changes to the development plan as was previously presented to the public. The hope is to have the Coastal Commission review in November if the Commission's schedule allows. Karls is working to ensure they meet the terms of the lease option agreement.

Update on Hyatt Place Hotel Development on the Peninsula

Per the Harbor Department, the hotel developer, Brighton Management, is currently working with a general contractor to obtain a quote on the earthwork required for the site. They expect to get the quote by the end of July.

SHIP SHAPE CIYC CLEANUP

Channel Islanders First Mate Eveline Paullin

Hi, Everyone,

Chef Evelina Will be preparing an Islanders' Luncheon

Tuesday August 13th

The bar opens at 11 am

Luncheon 12-2

Linda Weisfuss flower arrangements presentation.

Upcoming:

Monday Sept 21, 2024 at 11:00 AM - 02:00 PM

Polo October 6th

For all you new members: This is open to the whole club but we can only take 50 as that is all the 'tent' will hold.

When I say tent, don't think in terms of a little pup tent. This is a polo grounds special 'tent' - a raised wooden floor with a roof, table, chairs, and sofas. Also a bar, bartenders, and waitstaff for ordering your drinks and food.

Get reservations in early!

Call [1 \(805\) 340-0270](tel:18053400270) or email [Carole Naylor](mailto:Carole.Naylor)

mRNA Covid Vaccines FDA Approved August 2021 - Summary from Published Studies

Case fatality rate. At the beginning of the pandemic we were told that **3.4%** of those who got sick would die. This was used to justify an emergency declaration, after which Covid-19 vaccines were developed. **The real number was only 0.03%.** About the same as flu. The CDC and FDA ignored the fact that it was a non-emergency.

Lack of long-term control group. Shortly after early mRNA vaccines trials, the control group was vaccinated so there was no way to compare long-term safety results.

Transmission and prevention. The vaccine **does not** prevent transmission of the virus from one to another. It was supposed to be 90% effective in preventing the disease, then 60%, then 30%, then 0%. Those vaccinated and boosted are **more likely** to get infected after 3 months.

Protection from severe disease and death. The CDC observed **an increase** in hospitalization and death rates among the fully vaccinated. At best, vaccination may have protected to some degree in elderly, but only for a few months.

Pharmacokinetics. Unlike what we were told, the injected vaccine does not stay at the injection site. The lipid nanoparticles containing mRNA vaccine circulate throughout the body and even cross the blood-brain barrier. Cells in *any organ* and *vessels* in the body could produce spike protein and be attacked by killer T-cells. In animal models it was shown that they go everywhere - especially into ovaries, brain, heart, adrenal glands, and bone marrow. Spike proteins were found in the blood 6 months after vaccination and in [myocarditis cases](#).

Dosage. Spike proteins are [toxic](#). The mRNA vaccines instruct body cells (mostly in the deltoid muscle, but many other cells elsewhere) to make spike protein and place it outside on their membrane for the immune system to react to them. Human bodies are all different. Some will produce more and some will produce less. Some will continue to produce spike protein for months, some for just a few days. Therefore, the amount of spike proteins produced - the dose - is different for all and cannot be predicted. This violates one of the basic rules in pharmacology and toxicology: know the dose.

[DNA contamination](#). Recently found in all the vials are residual E Coli *plasmid DNA* fragments, billions above regulatory norms! Also present are promoter sections of *simian virus (SV 40)*, which could help foreign DNA particles *insert into the hosts' DNA*. All of these, together with the mRNA strands, [are in lipid nanoparticles](#), which we now know go everywhere in the body. What can this do to our genome? We don't know. If a foreign DNA particle gets into a host's DNA and lands next to cancer-suppressor gene, could it change that gene's function? The FDA issued a statement that the vaccine is safe and effective and that they didn't detect any problems with plasmid DNA. Florida's Surgeon General and others called for an immediate halt in the use of mRNA vaccines.

Unwanted proteins. Nature-made mRNA has a *uridine* molecule in it, but as such does not survive long enough to create antibodies. The two 2023 Nobel Prize laureates replaced it with *pseudouridine*, so it could last longer to make antibodies. When this modified *modRNA* enters the cell and ends up in a ribosome, and tells the ribosome how to produce proteins to make a spike, it [misses the proper code sequence](#) (because the ribosome can't read 'pseudouridine') and 8%-30% of the time produces **unwanted (prion-like) proteins** and dumps them into the cell's matrix. Consequences? Unknown!

This article is too long to fit in 'Currents.' If interested, you can read the rest or comment on my substack 'Wise Old Pelican.'

CIYC RACING REPORT

By Cap'n Jane Thomas

Recent Racing - Updates since my last report in May:

SAVING FERRIS (Dawn Buehler) was the only CIYC entry in PCYC's McCune Race, Sunday, June 1. CIYC's Wild Bill Rig Race, Saturday, June 22, attracted 8 boats: BLUE STAR (PCYC, Olson 30, Larry Spencer) took 1st Place, beating SLIVER (CIYC, Hobie 33, Mike Geer) by 35sec corrected time over the 10nm course. Third place went to WAILANI (CIYC, Tartan Ten, Jane Thomas), followed by SHE SAID NO 2 (VSC, Ron Dietel), FAT TUESDAY (VYC, Carlos Brea), VELERO (CIYC, Brent Swanson), RISA (CIYC, Roxanne Vettese), and SQUARED AWEIGH (CIYC, James Jewell). VELERO took 1st place in VSC's Frenchy's Rum Run, rescheduled on June 29.

Entries in VYC's J-Fest, July 13-14, included 10 J/70s and 5 J/24s. Among the 5 J/24s CIYC's JEDI (Dan Maxwell/Gareth Jones) placed 2nd after 7 races, and MADDOG (Bruce Brayton, Doug Coon) placed 4th. PBYC's Milt Ingram Trophy Race, July 20, attracted 25 entries, and 3 classes of monohulls and 2 classes of multihulls attempted the 42nm course from Mandalay buoy to Platform Grace, around Anacapa Island, and Ventura Harbor Entrance finish. Non-spinnaker class winners were CIYC's VELERO in 1st place and WAILANI in 2nd place.

J/24s: CRITTER and TINY DANCER have found their in-the-water locations on the outside of A-Dock, Gate 10, Channel Islands Harbor Marina, just south of CIYC. Thanks to the members of CIYC and CIWSA – especially Tom Webb - whose donations covered the cost of the boatyard work. We still have some work to get ready to sail/race but we're getting closer! If you can spare some time or a few dollars, let me know! We could use more of both this summer, and soon we'll be sailing!

Upcoming Races: CIYC Race Committee will be busy hosting 3 races in August and September! We could use your help

Saturday, August 3

VYC's Ventura Cup

Saturday, August 10

PBYC's Tri-Point Ocean Race

Saturday, August 17

Channel Islands Harbor AdventureSail® Day

June 29, 2024

Hosted by Channel Islands Women's Sailing Association (CIWSA),
Channel Islands Yacht Club (CIYC), Channel Islands Maritime Museum (CIMM), and
Central Coast Ocean Adventures Foundation's Tall Ship MYSTIC WHALER (CCOAF)

After months in the planning, the 3rd Annual Channel Islands Harbor AdventureSail® Day was a phenomenal success! We exceeded prior years' attendance with 35 girls, ages 9-14, who would not otherwise have had the opportunity to go sailing, and their 29 accompanying adults.

Two days before the event, 5 CIYC and CIWSA members gathered to finish the sailing knot practice cards and stuff the goody bags provided by Women's Sailing Foundation/National Women's Sailing Association. On Saturday, another wave of CIWSA, CIYC, and community volunteers, local skippers, crew, CIMM staff, and the Tall Ship MYSTIC WHALER Captain and crew came together to create a multi-faceted day of sailing and adventure.

In the morning, participants went to 3 separate locations – CIMM, MYSTIC WHALER, and CIYC. CIMM presented artwork representative of the ships and harbors of past centuries and highlighted 2 history-making women from the 1800s:

- FLYING CLOUD navigator and wife of the captain, Eleanor Creesy, who broke her own record and held the world record for the fastest passage from New York to San Francisco from 1851 until 1989
- Zheng Yi Sao, who inherited control of more than 1400 pirates in the Guangdong Pirate Confederation in the South China Sea when her husband died in the early 1800s

Capt Christine Healy and MYSTIC WHALER crew demonstrated the chain of command, teamwork required to maneuver a large schooner, and the life of a sailor in the mid 1800s. At CIYC they learned about modern sailing vessels, points of sail, how to tie a few knots, tides and tidepools, and Channel Islands National Park.

In the afternoon, all went sailing! The majority sailed on MYSTIC WHALER, and others sailed on a variety of individual boats - including FLY AWEIGH, a 41ft cruising catamaran; NO COMPROMISE, a 35' racing boat; CANIS MAJOR, a 30' single-handed cruising sailboat; BANDALOOP, a J/24 (24ft) racing sailboat; SLOW POKE, a 23ft daysailor; and TURNING POINT, a 22ft daysailor. They tried to rendezvous at Wes Mark, a local race buoy, but it was too far and too close to the wind for some.

At the end of an exciting day, CIYC prepared a taco bar lunch for all girls, guests, skippers, volunteers, crew, and cooks! After lunch, several female captains and sailors gave brief descriptions of their sailing beginnings and STEM-related careers, which was followed by a raffle drawing for sailing-related items and 2 sailing camp scholarships.

With more than \$2000 in donations from generous CIYC and CIWSA members and a few local businesses, we were able to fully fund the event, including snacks for breakfast and sailing, taco lunch for all, and t-shirts and other goodies for the girls, and we still have funds leftover for 2025!

After the event, Harbor Director, Michael Tripp sent us this email message:
I just wanted to thank you all for putting on great program. My niece told me about what an incredible time that she had, and all of the things that she learned. I appreciate people that put on programs like this, that get youth down to the water and teach them about boating.

With community pride and heartfelt thanks to all the volunteers and donors!

Sincerely,

Cap'n Jane Thomas

Your Bridge and Board continue to endeavor to control costs so that our members can enjoy the benefits of Club membership at a reasonable cost. January 1, 2024, a 3.5% service charge was added to all payments made via credit card. Visa has reduced their charge to 3%, so we even though MC is still 4%, we reduced what we charge our patrons to flat 3% to coincide with Visa.

Please consider making Club payments via check or ACH transaction to avoid this charge.

Thank you for your help in keeping our Club's operations efficient.

Volume 64—No. 08

Currents is published monthly by the
Channel Islands Yacht Club
4100 Harbor Blvd., Oxnard, CA 93035.
