OPENING DAY
Sunday, April 7, 2019
1:00 PM

CELEBRATION TO FOLLOW AT 2:00 PM

OPENING DAY is a wonderful yachting tradition
which marks the beginning of a new yachting year.

CIYC Yachting Attire:

Men: Traditional navy blue blazer, white trousers & white shoes.
The Club bullion is worn on the left breast pocket
(Bullion is available for purchase in the Club Store)
Name tags on the right, white dress shirt with a navy blue tie.

Ladies: Traditional white blouse with your navy blazer,
white shoes & traditional white trousers or skirts.

Toni

With daylight savings time in full swing, April brings us more daylight, sunshine, and our Channel Islands Yacht Club Opening Day! Even though we have boating here year-round, we celebrate the opening of our boating season with a ceremony filled with tradition, followed by our awesome party! We dress up in our yacht club attire (blue blazers and white pants or skirts), imbibe our famous Bloody Marys and Screwdrivers, and enjoy the special fare prepared by our Islanders. You don't want to miss this great celebration – Sunday, April 7, 12:00PM. **ABC LAWS** prohibit us from taking those cocktails beyond the patio door – so PLEASE, PLEASE, keep us compliant and enjoy those cocktails inside the walls of our Club. **NO ALCOHOL BEYOND THAT RED DOOR!!!**

Despite our rainstorms and cool temperatures, March was once again a busy month at the club. Thanks to Frank and Gayle Laza for a successful Mardi Gras party, Keith Moore and crew for the Beefeaters' dinner, and Vera Cline and crew for a yummy St. Patrick's Day dinner.

I have a heartwarming story to share: This happened at the Beefeaters' Dinner. One of our members, Rodlyn Brown, is going to be spending a lot of time in Australia, and she was desperate to find a home for her two middle-aged cats. After addressing those in attendance, our members, Bill and Julie Organ, graciously volunteered to adopt Rodlyn's babies. Wow, that's another example of how this CIYC family is so giving!

We also hosted a Burial at Sea and Celebration of Life for our beloved member, Dave Erickson. Many thanks to our club members who so generously donated their boats for this event – Skip Miser, Harry Krum, Gary Johnson, John Medlen, and Tim Smith took the 35 family members out for the Burial at Sea. The Celebration of Life for Dave followed with a luncheon for 200 people. Karen Farrell headed up the lunch, assisted by Michelle Dilldine, Vera Cline, Nancy Forrester, Sue Woolf, and Sydney McFarland. Rear Commodore Linda Weisfuss created the flower arrangements. CIYC member, bartender Lynda Norton, volunteered to serve at the beer and wine bar. We all experienced a day of love, caring, and remembrance.

New at CIYC: Yoga. Come and try yoga on Thursday mornings at 9:15AM. This class is for all levels, so come on in and give it a try. If getting off the floor is an issue, I promise there will be help for you! Be sure to bring a mat and a blanket. Also,

Line Dancing lessons with Staff Commodore Bob Taylor have recommenced and are now on Fridays at 5:00PM. Those, too, are for all levels and abilities!

In addition, remember our dining room is available to rent. The fee for club members is \$250. Sharon Sullivan has some Sundays and Fridays available, so you may want to consider having your birthday party or other special occasion right here!

**See you all at Opening Day,
Diane Sherlock, Commodore 2019**

We are now in the heart of our Yacht Club season and there are lots of opportunities for participation!

Wednesday dinners continued to draw big crowds. Both Carter Gage and crew on 3/6 and Lisa Medlen on 3/13 sold out! Medlens drew close to 80 people as we helped celebrate their wedding anniversary. David Strouse and Linda Zurborg-Perry rounded out the last 2 dinners in a very successful month.

Frank and Gayle Laza hosted a Mardi Gras celebration that included New Orleans-style food, fantastic decorations, and good jazz music. Frank Laza, as always, entertained us as Master of Ceremonies! The Epicureans put on a St. Patrick's Day celebration that satisfied all the Irish wannabes...and that's no blarney! Vera Cline prepared her Brown Sugar-Glazed Corned Beef and all the trimmings. The Green Way Irish Dancers came in to demonstrate their amazing dance skills. Thanks to Keith Moore and the Beefeaters for a wonderful dinner served on March 9. The annual Anglers' Lobster Dinner on March 23 was a sellout as usual, and a huge success for the Anglers.

Late March and early April are traditionally spent getting ready for Opening Day. We held 3 Shipshape events. I am very grateful to the large number of members who showed up and worked hard to make our club sparkle in preparation for hosting members and guests from all over SoCal on April 7. We cleaned and painted the patio and removed the "rustic" look from the elevator. We touched up paint inside, polished brass, dusted, washed windows, and more.

Besides Opening Day, there are several other social events in April. The Farrells and Bechs are presenting **Easter Brunch** on **April 21**. See the included poster. The Epicureans and Beefeaters also will be hosting dinners. On Friday, **April 19**, we have a "**Evening at the Races**" and dinner event. Of course, the **horses will be running!**

There is still one Wednesday dinner in April (4/24) that needs a head chef, and May dinners are fully available. So, those of you who have been waiting for an opportunity, please step forward. If you need help finding a crew, I have several people who are ready to volunteer. Also, **Cinco de Mayo** at CIYC is set for May 4 (or is that Cuatro de Mayo?) Por favor, voluntario para liderar.

I thank all of you who responded to my one-question questionnaire about a wine dinner. As of the time this article went to press, 128 of you had responded. 69 people (54%) said they would be interested in attending such a dinner at the prices suggested. Given that encouraging response, I am working with caterers and our liquor distributors to put on a dinner on Saturday, May 18. The event will be limited to approximately 50 people. I will publish the menu and price as soon as I have worked out the details.

Have a great April, and I look forward to seeing a lot of you at CIYC!

Mike Farrell, Vice Commodore 2019

The Rear Commodore
Linda Weisfuss

What an exciting fun month! The **2019 Midwinter Regatta** is now behind us. It was a great day with perfect weather. This was originally scheduled for two days: February 16 - 17. Due to inclement weather, it was rescheduled to February 24th. The event had a total of eleven boats. A HUGE THANK YOU to all the racers! This could not have happened without our race committee PRO, Bill Brayton, as well as Cindy Arosteguy, Tom Warden, Jane Thomas, and Charlie Clark on the *Kahn Job*, owned by David and Lisa Kahn. The mark boat crew included Bob Ridenour, Derek Hawthorne, Marlin Simpson, and his friend on Frank Sullivan's *Valkyrie*. THANKS so much. The day started with a breakfast at the club, then an awards dinner, also at the club. A SPECIAL THANK YOU to the cooks: Jackie Biederman, Nancy Forrester, Michelle Dilldine, Lisa Medlen, and Commodore Diane Sherlock.

February 24th, we had our land cruise to **Santa Barbara Yacht Club for Brunch**. We had bottomless fancy cocktails on the bus, made and served by Jackie Biederman, Michelle Dilldine, and Nancy Forrester. Lisa Medlen handled our "Bus Wheel" opportunity drawings. Donna McKendry and Phil Woolf were the winners. We had a Joke contest - our comedians were Frank Laza, John Medlen, Diane Sabol, Marsha Anderson, Nancy Forrester, and Donna and Mike Mckendry. THANKS to all the participants. Members are still talking about how much fun we had on the trip and asking when we're doing a bus trip again.

A BIG THANK YOU to Ruth and Paul Hatcher for a fantastic **Tale of the Whale** event. They have been doing this for 22 years, starting in 1998. We had twelve hilarious entries, and the trophy was awarded to John and Lisa Medlen. Ruth and Paul prepared a delicious meal which included Ruth's famous cookies for dessert.

Thank you so much to the Anglers for donating a new computer and monitor for our front office. We really needed these. We had our **Anglers' Lobster Dinner** March 23rd, it was an awesome dinner with whole Maine lobster, clam chowder, and more. We had a great response for the Fundraiser Raffle for the Anglers projects including the White Sea Bass Pens.

Many THANKS to Director Sue Woolf for taking on the ship's store. Our sales are at an all-time record high. Please remember you can shop during the week when the office manager is there, or when the club is open. The office, the bartenders, Sue Woolf, or I can ring up the sales.

A sign-up page is in the upstairs reservation book for **Bristol Boats** for Opening Day. Please take this opportunity to enter. If you have any questions, please check with our Fleet Captain, Jane Thomas.

Hello, Channel Islanders and All CIYC Members!

Sailing season starts this month, and our yacht club's **OPENING DAY** will take place on **April 7th**. We are proud to have the reputation for putting on the best celebration among the Southern California yacht clubs with our ceremony, Color Guard, musicians, complimentary fine food, decorations, and a live band for dancing. This will be happening very soon after this Currents newsletter comes out. Once again, our Islander decorators and food preparers will be hard at work. Our club will become a "Tropical Paradise." If you are able to donate to help defray our costs, it certainly would be greatly appreciated! Just see Mary Ann Moore or me. I look forward to sending out a sincere and heartfelt Thank You to those who contributed in many ways towards this exciting and important event.

Our **Channel Islanders' Anniversary** was on **March 30th**, and we honored our wonderful past First Mates, many of whom were our guests at the dinner. Our guest speaker, **Commodore Diane Sherlock**, gave a fun and inspiring talk about her life. We were glad to get to know more about our fearless leader. Many thanks to Joyce Sheridan who cooked and served a delectable meal with the help of her great crew: Michelle Dilldine, Evelina Arglen, Marsha Anderson, and Jack Borkowski.

Our next event will be an excursion on **May 19th** to the **Santa Barbara Polo and Racquet Club**. If enough people sign up, we can secure a bus. If not, members can carpool. Linda Perry will be organizing this very sociable event. Additional events will be posted online soon.

Mahalo,

Laurie Preston First Mate 2019

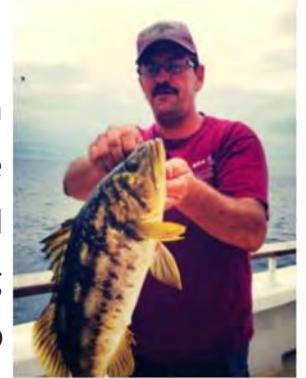

Anglers' Corner - April 2019

By Frank Sullivan

Fishing Report:

When you see him at the Club please welcome our new CIYC member, Captain John Fuqua. John is the Owner/Captain of the **Island Tac** and the Owner of the **Sea Jay** Captained by his son Donald Fuqua. Both of these Commercial Passenger Sportfishing boats operate out of the Channel Islands Sportfishing Center. If you can't get out on your own boat or a friend's boat, there is no better Captains and boats than these two!

I attended the Ventura County Sport Fishing Club regular meeting on Tuesday, March 5th at 7:00 PM at Brendan's Irish Pub and Restaurant, 495 N Ventu Park road, Newbury Park. Captain John was the guest speaker and he spoke about fishing for Calico Bass. I thought I knew, but John gave me some very interesting tips I had not considered before.

Speaking of outside fishing clubs, another local club that I belong to is the Channel Islands Fishing Club which is led by Eric Huff the owner of **Eric's Tackle**, they meet on the 2nd Tuesday of the month at the Social Tap, 1105 S Seaward Ave, Ventura and have excellent monthly speakers as well.

The fishing reports show mostly Rockfish, Lingcod and Ocean White Fish. So far little is being reported about White Sea Bass catches.

Good Luck and weigh in those fish!!!

Upcoming events:

June 8 th	Men's Fishing Tournament
July 6 th	Ladies' Fishing Tournament
August 3 rd	Coastal Conservation Assn. Fundraiser
September 6 th	Channel Islands Bill Fish Tourney Kickoff Dinner
September 7 th to 11 th	Channel Islands Bill Fish Tournament
September 13 th	Channel Islands Bill Fish Tourney Awards Dinner
November 9 th	Anglers' Awards Scampi Dinner

Doc Lines

Circuit to Nowhere

So I went to my favorite YouTube site, which deals with plasma physics, electricity in the universe, quasars, black holes, and quantum entanglement. Great stuff.

For some reason, this group of physicists invited a non-practicing physician (an ophthalmologist) who gave an hour-long lecture. He emphasized, "This talk is not under an MD license, but under a homeopathic license from another state." And he did a great job in the first half hour, talking about cell function, ribosomes, mitochondria, Golgi apparatus, and so on.

Then he declared that there is an electric circuit starting at the big toe, ascending through muscular structures (which act as batteries), continuing via the teeth (which act as circuit breakers), and down the thyroid gland, stomach, spleen, adrenal glands, and gonads, and ending in the big toe (where it started).

Not only that, he asserted that all chronic diseases involving these organs are caused by one of the muscles in the path of this circuit – one that is undercharged. And, of course, he can diagnose which muscle (battery) is undercharged, using his special ohmmeter, and then he can treat the said muscle with his special charger. That way he can cure any chronic disease involving organs within that circuit!

There were some 73,000 views: among them 3,500 likes, and 200 positive comments. I also commented, "Sorry, this is pseudoscience." Boy, did I get a number of responses, all negative and insulting, questioning my credentials and attacking my laziness.

So I had to respond, "And have you published in ANY journal or textbook, a well-designed, prospective, randomized double-blind study, with a sufficient number of patients to have meaningful statistics? Where are your results in treating patients with hypothyroidism, hyperthyroidism, gastric hyperacidosis, stomach hernia, gastroesophageal reflux, Addison's disease, polycystic ovaries, azospermia, or any other chronic disease of the organs included in your *stomach circuit*? If so, we could analyze results and judge for ourselves if your method works or not. Otherwise, my snake oil is better than yours."

No response. Comments were closed immediately after my post. Go figure!

Then I went to a homeopathic website to see what this was all about. I stumbled on a site which offered advice on any symptoms I might have. So, I plugged in the classic symptoms for a bladder cancer. Got back a suggestion to use some herbs. If I truly had a bladder cancer, that would have delayed my diagnosis and treatment and could have killed me. Go see a *real* doctor! Don't delay proper diagnosis and treatment. I know that doctors often look into their computers more than at you when you're at your appointment. But, hey, you might live longer.

Your Fleet Surgeon, Zoran

Thanks to Erika for editing.

Environmental Justice Policy Unanimously Approved By Coastal Commission – A Historic Event

On Friday, March 8th, the Coastal Commission approved its Environmental Justice Policy, a historic first. The policy gives the Commission the authority to consider environmental justice issues such as the level of inclusive access to public recreation and affordable housing in any new coastal development. This involves evaluating a proposed development's "potential to adversely or disproportionately affect a historically disadvantaged group's ability to reach and enjoy the coast."

The Commission staff spent over a year meeting with and listening to environmental justice stakeholders, including community groups, social justice leaders, and public agencies. Over 100 groups and individuals were contacted by email, phone, and in-person interviews. The staff hosted webinars, developed a newsletter, listserv, and more, to ensure public participation.

A major supporter and contributor to the writing of the policy was the Central Coast Alliance for a Sustainable Economy (CAUSE). CAUSE is a major organizer and advocate of social, economic, and environmental justice. In their speech supporting the policy, their representative, Lucia Marquez, named Oxnard as an example of a community where the policy can make a difference. She described Oxnard as having a "coast lined with three power plants, two naval bases, one deep water port, a sewage plant, and several former landfills and old dumping sites, including an EPA Superfund toxic waste site.

By comparison, surrounding affluent coastal communities like Malibu, Santa Monica, Montecito, and Santa Barbara have coastlines free of power plants or other heavy industry. It is no coincidence that Oxnard is 85% people of color."

The Harbor & Beach Community Alliance (HBCA) also spoke in support of the policy. As one of only 12 small boat harbors left along the California coast, the Channel Islands Harbor is a rare and precious resource within the City of Oxnard. HBCA said that harbor public waterfront land must be protected for all. HBCA asked the Commission and its staff to exercise due diligence in using their powers to ensure equitable community benefits are provided in each and every new coastal development, especially in communities like Oxnard, where the public needs to overcome the significant monies and influence that developers, cities, and counties use.

No Good Reason for Holding Up the Hotel Project – Peninsula Revetment Approved by Coastal Commission

On March 7, 2019, the Coastal Commission (CCC) approved the Harbor Department's Notice of Impending Development (NOID) for the Revetment work on the harbor peninsula. The Hotel Project's NOID was approved over 9 months ago after taking 2 years after the approved Public Works Plan amendment – totaling nearly 3 years - after strong public and County Board support for the project.

(cont'd. from page 8)

Back in January of this year, the Harbor Director, Mark Sandoval, told the community that before the rock revetment work can start, the old hotel must be demolished. The County had approval from the Coastal Commission to start demolition back in July 2018. So why delay the demolition? There is, and never was, a good reason for the delay. The community believes the County has a hidden motive for holding up the hotel project. The County claims the hotel project needs City street land for 29 parking spaces. Nowhere in the Hotel NOID is there mention of the need for City street land. The Commission-approved Hotel NOID requires 344 parking spaces, but the County provided 379, an excess of 35 parking spaces. This shows the required parking for the hotel can be met without City street land. It suggests the County may be more concerned about the apartment developer's (Channel Islands Harbor Properties LLC) "undetermined project" than the much-needed moderately priced visitor-serving hotel, restaurant, and marina. These projects clearly promote harbor revitalization that includes and serves all. Further delay of the hotel project is irresponsible and the County should be held accountable.

Continuing Promises of Reopening the Whale's Tail With Fresca II

Since July 2017 when the County selected Fresca II to operate at the old Whale's Tail, there is no lease agreement, no renovation, only two shipping containers in the parking lot. Meanwhile, the restaurant building's deteriorating condition continues to worsen. In December 2018, in a memo to the community and John Zaragoza, the Harbor Director, Mark Sandoval, wrote "the lease will be going to the Board in January or February at the latest. The lease issues surrounded lease details which are now behind us."

At the February Harbor Academy, the community was told that the Fresca II lease agreement would now be going to the Board of Supervisors in April. The County's sense of urgency in moving forward community-supported development is clearly lacking. The County's actions simply do not support its claims of concern for revitalization of the harbor. The proven way to revitalize a harbor is to support development that promotes the fundamental purpose of a harbor – water recreation activities and visitor-serving facilities and attractions.

This means the hotel project and a diverse range of appealing and moderately priced restaurants and attractions, not more high-end residential development.

Rene Aiu, Harbor Delegate

Annual Anglers' Lobster Dinner and Fundraiser

Skip and Lee Miser and Ann Marie Gross went to New Zealand on a cruise and exchanged our burgee with the Royal Geelong Yacht Club. Here are photos of the burgee exchange at both clubs.

WHALE WATCH CRUISE

MARCH 3, 2019

What can I say? Occasionally the weather cooperates. Sometimes not. This was one of those “not” days, as evidenced by the gray skies and a forecast of 40% chance of rain. I did hear that Captain Marty Sasson and his guests aboard OOH LA LA were lucky enough to enjoy three whale sightings in the outer waters. Way to go, Marty!

Back at the Clubhouse, it was a fun-loving bunch (approximately 65 members and guests) ready to share their stories of what whales they might have seen had they ventured out. There were 9 contestants present to impress our 3 judges who were Vice Commodore Mike Farrell, Rear Commodore Linda Weisfuss, and Director Michelle Dilldine (standing in for Commodore Sherlock). At this time, I would like to thank ALL of the participants who brought laughter to the room with their clever and sometimes extremely off-color stories which everyone enjoyed. They were: Bill Lynch, Marsha Anderson and Bob Deyling, Joyce Sheridan, Marnie Bech, Wendell Morrisset, Lisa and John Medlen, John Fuqua, Deborah Tyhurst, and Zoran Barbaric. Unfortunately, there can only be one winner, and that honor goes to Lisa and John Medlen (song and guitar ensemble). Their names will be proudly listed on the Moby Dick Trophy for the year 2019 (22nd year of its inception).

Immediately after the presentations (give or take 10-15 minutes), the group enjoyed complimentary tacos and refried beans—followed by chocolate chip cookies and peanut butter cookies (proudly debuted) for everyone’s enjoyment.

All of this could not be done without the help of my husband, Paul, and good friends, Gene Peck and Del Russi, who kept the fried tortillas warm and bendable! Also thank you to Rear Commodore Linda Weisfuss, Nancy Forrester, and Michelle Dilldine who set up the tables. Tablecloths really do make the party!

So, to all of you who were able to join us, THANK YOU for coming. And for those of you who couldn’t make it—SEE YOU NEXT YEAR!

Ruth Hatcher

2019 Whale Watch Cruise Chairperson (with LOTS of help from best friend Paul).

Keith & Mary Ann Moore

CIYC Staff Commodore Keith Moore and Past First Mate Mary Ann were honored for their Life Time Service to the Catholic Committee on Scouting in the Archdiocese of Los Angeles with the Thomas Nishikubo Award; a recognition of 30+ years of service. The dinner attended by ~100 included their son Kristopher (a seven Palm Eagle Scout) who flew in from Seattle to honor his parents.

The Moores are humbled by their recognition, because there are so many others who also volunteer to maintain the Scouting program.

Keith was the Scoutmaster for Canoga Park Troup 211 for 15 years and managed the Annual Catholic Scout Retreat staff kitchen for over 18 years. He continues to work with the youth in our community teaching flying.

Mary Ann taught the Catholic Religious programs at the Pack and Troup levels for 15 years. As an elected committee member and treasurer, she provides financial management of the Annual Catholic Scout Retreat. She has registered thousands of scouts from the Los Angeles area into this program. She says she was excited when she also started to register the boys whose parents she had registered many years before.

She continues her community service in Oxnard by participating as an Election Poll Observer. She says, “When you witness our voting process, you realize how critical it is to maintain the integrity of voting for our country’s future.”

Duane Wherland – BIG HI FIVE!

Our hats off and many thanks to CIYC member Duane Wherland, a retired knife sharpener, for volunteering to sharpen CIYC kitchen knives. The Beefeaters’ cooking crew suddenly recognized the knives were cutting everything...like through butter! Duane is a perfect example of a member who recognizes a need and volunteers to share his skills. It’s yet another great demonstration of CIYC being a “Self-Help Club.”

Trip to Santa Barbara Yacht Club

Trip to Santa Barbara Yacht Club

Between sequential winter storms came a perfect day for the Midwinter Regatta — 10-12kts with 1-2ft waves. Several J24s make their way to the leeward mark. JEDI, sailed by CIYC's Paul Fredericks, Dan Maxwell, and Gareth Jones, is 3rd from left. Unfortunately, I can't tell for sure whether the furthest boat on the right is FUSEE (CIYC's Harry Krum) or another J24.
