61 Years of Service

SEPTEMBER 2021

## 2021 Champion

LtoR: James Jewell, Wailani O'Herlihy, Jane Thomas, Ken Foraker, Shanna Isaac, Jeff Hancock, Janie Brockman. Missing from photo, Cat Betts.

Ken Foraker and EOLO (his 60ft wooden cutter, built in Australia as a racer in 1947) entered PCYC's 43rd McNish Classic Yacht Race. This was Ken's first race with EOLO, and the "pirates" who crewed for him had the experience of a lifetime! EOLO handled the heavy seas well and it paid off with **1st Place in the Cutters & Sloops Class!**

## Happy Labor Day to all!

Fall is just around the corner which means it is time for the election of our Board of Directors for 2022. The Nominating Committee for this year has been hard at work putting together a slate of qualified candidates. They presented their slate to the membership at the General Membership Meeting on August 20<sup>th</sup>. There are 5 two-year terms to be filled, with the election being held at the General Membership Meeting on September 25<sup>th</sup>. Interested people who are regular members in good standing may be nominated from the floor at that meeting. All candidates must be present to accept the nomination. Please plan on attending this September 25<sup>th</sup> meeting, as these are the people who will be leading our yacht club in the future.

August was another stellar month at CIYC. Thanks to Tom Danza for putting together a harbor-wide small boat event as a fundraiser for the Maritime Museum. Tom held an excellent boating game which was a huge success for the Museum.

CIYC also hosted two major sailboat races this month. Kudos to our sailors, RAMs, CIYC Fleet Captain Jane Thomas, the race committee, and Rear Commodore Dawn Turnier for encouraging our sailors and making these races so memorable.

On August 13<sup>th</sup>, Opera Santa Barbara came to CIYC! This was a beautiful night of Opera music attended by a sellout crowd. The club was decorated in classic opera fashion, and with outstanding Hors d'oeuvres and champagne served. This was such a successful night for the club, I would like to see this as an annual event. I sincerely thank the members of the Opera Committee for all their hard work and for putting on such a remarkable evening.

Our Holiday Supper Club, under the direction of Chef Jerry Wood and crew, will be on Labor Day, September 6<sup>th</sup>. Plan to come and enjoy our end-of-summer BBQ, complete with burgers, hotdogs, chicken, and more!

As always, if you have any questions or concerns regarding the club, please don't hesitate to contact me or any Board members. The Board of Directors meet monthly and will make every effort to answer your questions or address your concerns.

Have a great September and thank you for your loyalty and support for CIYC!  
Mike Greenup, Commodore 2021

# From the Quarterdeck

**VICE COMMODORE**

**Billy LeCroy**

It seems as if August flew by, and we had some great times at the Club!

I'm always amazed at how hard our members, staff, and officers work to make our club the wonderful place it is. I hope all of our new members are making friends and enjoying being here. And thanks to all of our longtime members for your kindness and hospitality to our new family members. It's no surprise that we are the Number One Yacht Club in Ventura County!

This past month we had some great cooks - I send heartfelt thanks out to all of them for volunteering to prepare delicious meals: Sue Woolf, Michelle Dilldine, Vera Cline, Elyse Gonnello, Evelina Arglen, Augie Ponce de Leon, Michelle Chaffee, Cary Verstynen, Joyce Sheridan, Jack Borkowski, the Beefeaters, and their crews all did a great job!

Another group of people we need to thank are those who worked day and night to put on Opera Night at CIYC. It was spectacular! I've never been as proud of anyone as I am of these ladies and gentlemen. BRAVO!

Thank you, Jairo Mazariegos, for inviting us to lunch at the University Club of Santa Barbara and introducing Sharon and me to Kostis Protopapas, the Artistic Director of Opera Santa Barbara.

It was there that Kostis and I came to an agreement for them to perform. Jairo also helped negotiate the reasonable fee we paid for them to perform at our Club.

We were blessed to have so many dedicated and talented members who organized, designed, and also cooked for this event: Claire O'Farrell, John Canavan, Maureen Fletcher, Joyce Sheridan, Petronela Harris, Eveline Paullin, Sharon Sack, Stacy Wolf, Melinda Irvin, and Pamela Bouganim. - Well done!

Also, thanks to all our men who helped move furniture (and move it back): Bob Ridenour, Tim Smith, Jimmy Jewell, Cary Verstynen, John Canavan, Mike Greenup, and Willie Cline.

Also, we thank our great bartenders who are always willing to work extra hard to help out.

And, of course, we have to thank Janis Pulliam. She makes everything work flawlessly!

September is always a busy month at the Club.

We have the Labor Day Cruise to the Channel Islands, the Channel Islands Billfish Tournament (with private dinners before and after), the Islanders' Polo Trip, the Channel Islands-to-Marina del Rey Race with breakfast and dinner, the Anglers' Awards Dinner, a Land Party, an Epicurean Dinner, a General Meeting, an election, and a Wine-Tasting Event. We're busy!

We are always looking at ways to benefit the Club. I'm working on selling ads in the monthly Currents. We used to do it, but we lost the person who managed the program. That has been solved and I will bring a business plan to the Board shortly. If you own a business and want to advertise in the Currents, let me know. I will have prices and more information very soon.

So as summer ends and we go into fall, stay safe and enjoy our club!

Captain Billy LeCroy Vice Commodore 2021

# From the Quarterdeck

REAR COMMODORE

Dawn Turnier

**So Many things going on in the club!**

**It's great being back and seeing our Yacht Club family.**

Just a quick couple of things I want to say upfront: September 19<sup>th</sup> is the Garden Party aka Dinghy Party at Tom and Leslie Webb's house.

**Book now so you can get tickets.**

Also, another fun event we've put together is a Whiskey and Cigar tasting: That date is October 15<sup>th</sup> and it will be on the upper deck - more info to follow.

But let me tell you my tale of a Wet Wednesday when I had the honor to go with Jane Thomas and her crew aboard the *Wai'lani*. I was scheduled to go with Jane on August 4<sup>th</sup>, but the weather made it a truly WET Wednesday and I didn't get onto the water until I had gotten all my wet weather gear.

I will tell you I had butterflies all day leading up to August 11<sup>th</sup> when I did get onto the water. That day I couldn't wait any longer and I went to the gate an hour early. But once the crew - Roxanne, Kamille, Allison, Bonnie, and Jane - got there, I knew I was in good hands. The seas were glass calm and it felt as if we were skating on ice rather than floating on the ocean.

These ladies know how to sail a Tartan Ten. As we got to our starting marker at Course 3, the starting horn blew, and we were off. We had a great start, and I have to say, I was very excited.

The competitor in me surely wanted us to win. The crew used great communication to tell us guests - Mark, who is Kamille's dad, and me - when to scurry across the boat every time we were going to "tack." It seemed like a race across to the other side so you could get yourself in position just long enough to scurry back to the other side when another tack was called. *Predator* was out front, and we were close behind, but they got to the next marker and pulled away.

When we crossed the finish line, my first question to Jane was, what place do you think we took? She said second or third - that made me smile. I have to say I liked being on a winning boat. When we pulled back into Jane's slip, each person knew exactly what to do and it was seamless. The ladies were going to celebrate a bit, but all I could think about was how cold I was and about having to use the restroom,

so I said good-bye and thanked everyone for letting me tag along. I will say, after the adrenaline wore off, I was tired, but what a great memory will be with me forever! Thanks, Ladies!

Dawn Turnier

Rear Commodore 2021

## Message From First Mate Linda Zurborg-Perry

### Islanders

The Islanders Board has succeeded in finding our slate of candidates for 2022.

They are:

First Mate: Carole Naylor

2nd Mate: Karen Harvey

Purser: Eveline Paullin

Corresponding Yeoman:  
Judy DeFusco

Recording Yeoman:  
Linda Zurborg Perry

Nominations are still open.

Anyone may volunteer for a position on the Board. The Election Meeting will be held in September.

The Polo Excursion is happening soon! September 12<sup>th</sup>. Please contact Rodlyn Brown or Carole Naylor for details on the \$40-dollar payment for the bus and for an exciting day at the matches!

We will need help cooking dinner for the Billfish Tournament. Islanders will also be helping to serve at the catered dinner the following week.

The Holiday Season will soon be upon us and the Islanders have a lot to do.

The Jingle Bell Brunch will be a fabulous breakfast cooked by many of our Club's best Chefs. We will need many additional helpers to make this fundraiser a success.

There are still plenty of ways to help raise money for needed Improvements for our Club. We are involved and we help!

See you soon,  
Linda Zurborg Perry  
Islanders First Mate  
2020 & 2021

### CIYC PET PARADE

Molly—She loves her walks to the beach every day.

Molly is 5 years old and had to have surgery on her knee so she hasn't been able to go to the water for over six months. We get to the dunes and she loves to lie there and watch everything going on.

# What a Great Weekend for CIYC Racers!

Cover Story

Jane Thomas  
Fleet Captain

What a weekend for CIYC Racers!! The wind was up and two very different races took place on Friday and Saturday.

Friday, July 30, approximately 70 multi-class handicap racers competed in the 48th Santa Barbara to King Harbor race. Lonnie Jarvis' CHRONIC (Farr 400) took 2nd place in the ULDB-A class. They sailed the 81nm course in 6hrs 52min 46 secs!!

On Saturday, Ken Foraker and EOLO (his 60ft wooden cutter, built in Australia as a racer in 1947) entered PCYC's 43rd McNish Classic Yacht Race. This was Ken's first race with EOLO, and the "pirates" who crewed for him had the experience of a lifetime!

EOLO handled the heavy seas well and it paid off with 1st Place in the Cutters & Sloops Class! To our knowledge this is the first time that CIYC has been represented in the McNish Classic!

## Summer Sailing Update by Captain Jane Thomas

### Ventura Cup, July 17-18:

This year's Ventura Cup format was changed back to regatta-style racing both days and team-only competition. However, only Ventura Yacht Club and Channel Islands Yacht Club could muster a team, so we agreed to form 2 teams with 5 boats from each club. Ventura Yacht Club hosted the event and went all-out to make CIYC racers, bridge officers, and our guests feel very welcome with food and libations on their outdoor patio after racing each day!

We had great sailing weather both days - light to moderate in the morning which built to 15+kts each afternoon. It was wet and wild and everyone had a great time. We've almost forgotten the bumps and bruises incurred while trying to sail the boat as fast as possible and performing multiple tacks and spinnaker sets, jibes, and douses each race.

CIYC's team included CHRONIC (Farr 400, Lonnie Jarvis), WAILANI (Tartan Ten, Jane Thomas), BANDALOOP (J24, Mike Geer), JEDI (J24, Dan Maxwell & Gareth Jones), and CRITTER (J24, Ken Foraker). We all tried hard but in the end VYC won the Ventura Cup Regatta again!

Rank	Club	Points
1st	VYC	165
2nd	ChiYC	221

HEALTH  
CARE

MEDICAL

SCIENCE

### Bioelectronics

An electrical stimulator of the heart, also known as a cardiac pacemaker, has been around for a long time. What a wonderful contraption! It can change the heart rhythm, depending on the demand for oxygen, it can shock the heart if it detects that the heart has stopped pumping, or if there is cardiac arrhythmia. Think of the millions of people whose lives have been made easier with this electronic device.

The heart was the first logical step. Because it has its own electrical circuit, it was possible to correct its inadequacies. But, where do we go from here? Well, electrodes have been implanted in numerous places in the body, and some astonishing results have emerged.

For instance, in cases of hyper-reflexic bladder contractions, where the patient has numerous nightly trips to the bathroom, electrodes are inserted through nerve holes (foramina) in the sacrum, to the base of the bladder. Constant electrical stimulation significantly decreases the sense of urgency and the need for nightly bathroom visits. To the great relief of the patient and the spouse!

Electrical stimulation of the spinal cord is used in patients suffering from intractable and incapacitating pain. Electrodes are placed within the spinal canal, depending on where the pain is. The generating device, like the pacemaker, is implanted under the skin.

What about Crohn's disease? This is an incapacitating disease involving the large bowel. Symptoms are diarrhea, weakness, and tiredness. It is thought to be an overactive immune response. So someone figured out that the largest nerve in the body, the vagus nerve, could be influencing an inappropriate immune response. So why not regulate it? In the first patient, they implanted electrodes around the vagus nerve

and started the stimulation process. The results were astounding and resulted in a complete cure.

Another is Parkinson's disease. In some patients, although not all, implanting electrodes in the part of the brain responsible for the disease can produce remarkable improvement. Dealing with the brain, however, is a very complex issue, and the procedure is not always successful and can lead to complications.

Luigi Galvani was the first to observe that muscles stimulated by electricity will contract. This effect is put to use in rehabilitation therapy to produce muscle contractions in paralyzed or ambulatory patients with great limitations. But also, athletes may use the procedure to enhance the strength of their muscles before a competition. The electrodes are pasted to the skin and the electric current pulses and does the job of contracting the muscles. If you want to look like Superman, no need to go to the gym anymore.

The defibrillator (AED) is a marvelous electronic device that can evaluate if the heart is working, if there is rhythm irregularity, and if the patient needs to be shocked. It also guides by spoken prompts, step by step, what to do and how to operate the unit. Our club just acquired a brand new unit which is located in the medical cabinet next to men's restroom. An oxygen tank is in the compartment below. I suggest that our members watch a YouTube demonstration of the procedure. [https://youtu.be/msRft-g-k\\_s](https://youtu.be/msRft-g-k_s) (Click or copy and paste in your browser.) Thanks to Bill Scarpino, we've had several CPR demonstrations by qualified medics in our club with mannequins and defibrillator training devices. After Covid subsides, we hope to resume.

Your Fleet Surgeon, Zoran  
Thanks to Erika for editing.

## Anglers' Corner

By Frank Sullivan

### WSB Grow-out pen update:

We are awaiting the next delivery of juvenile White Seabass to grow out; delivery is expected early November. Watch for announcements for pen cleanup and repair days.

### Big Fish of the Month of July:

Cooper Palamountain wins the Big Fish for July with a 78-lb. Bluefin tuna caught on July 31<sup>st</sup> near the 277-fathom spot by Catalina Island. He caught the fish while fishing with his dad, Mark, on their boat, *Premium*. Congratulations!

Small numbers of large Bluefin are being caught up and down the coast. We have even had some caught on the Sportfishing charter boats out of CISCO's landing. If you've never caught one, this may be the year to get one right off our coast!

## Ahoy, Sailboat Racers & Cruisers!

### The Channel Islands to Marina del Rey Race is BACK – Saturday, September 25, 2021!

Co-sponsored by Channel Islands Yacht Club and Del Rey Yacht Club, this popular race was initiated in the '80s with help from CIYC member Paul Hatcher and continued until a few years ago. Through CIYC Staff Commodore Tom Warden, DRYC reached out to us bring the race back.

On Friday, September 24, we will welcome our out-of-town racers, help them with temporary berthing, and serve a grilled steak dinner. We're also known for putting on an "amazing pre-race breakfast" Saturday morning, and managing the race starts. It should be a great 40+nm downwind race to Marina del Rey, where DRYC will help with berthing for visiting boats and host the race awards breakfast on Sunday.

Registration is now open on Regatta Network. Click the link below to begin your registration: <https://www.regattanetwork.com/event/23100> Registration is already up to 18 boats from 7 YCs! Eight boats ranging from 36'-55' have signed up for Cruising Class, and 3 PHRF fleets (AA, A, and B) each have at least 3 boats registered. Let's show them we have racers in Ventura County, too!

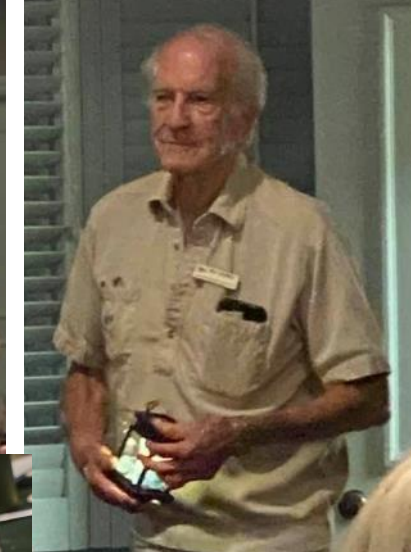

**If you don't plan to race, you can still help us with this important event!** Please contact Jane Thomas (415.518.4046, [sunglade@prodigy.net](mailto:sunglade@prodigy.net)) or Dawn Turnier (909.744.4432 or [mrscolonelt@gmail.com](mailto:mrscolonelt@gmail.com)) if you can help!

- If you will be out of your (35'-60') slip in Channel Islands Harbor on Friday, September 24, could we borrow it overnight?
- Can you help with food preparation and/or serving Friday night or Saturday morning?
- Can you take your boat out Saturday morning as our Race Committee boat, possibly drop a temporary buoy, and anchor nearby for about a half hour?
- Can you join the Race Committee as PRO or help with check-ins, signal board, flags, and race start records?

## County Searches for New Harbor Director

The community expressed a lot of interest in understanding the type of candidate the County is seeking to replace Mark Sandoval, Harbor Director, who retired at the end of August. The published job description also generated many comments.

The following were the most common questions and comments the County received

- ♦ We need a Harbor Director who is as passionate about the harbor as we (members of the community) are.
- ♦ Is this a good time to consider establishing a Harbor Commission that would bring a wide range of experience and expertise to the harbor?
- ♦ The ideal candidate should be familiar with this harbor and its market strengths.
- ♦ The job description should put more emphasis on experience in development and leasing strategies supporting visitor-serving and water recreational facilities.
- ♦ Who comprises the selection committee? Who will be interviewing the candidates?
- ♦ The candidate should have strong planning and innovation skills. Long-term planning capabilities are essential for updating the harbor's Public Works Plan that is the master plan for the harbor.
- ♦ If the harbor is to be categorized as an "enterprise," it is significantly important for the candidate to have skill sets to entice business and development to the harbor.
- ♦ The candidate must be able to maintain a viable network of collaborative relationships with the City of Oxnard, the local businesses, and the community to meet the mission goals of the harbor in keeping with visitor-serving and boating needs of the community.
- ♦ The candidate should have a proven track record of attracting, incentivizing, and working with local and other commercial businesses to establish and maintain visitor-serving businesses at the harbor.
- ♦ The candidate should have experience in obtaining grants for public amenities and improvement of parks and recreational facilities.
- ♦ Environmental justice is important to all public coastal recreational resources. The candidate should be a proponent of environmental justice, including maximum public access and public amenities.
- ♦ We hope the County will be patient in its search to find the right person to lead this harbor to fulfill its potential as one of, if not the best, of 12 small boat harbors along the California coast. The harbor is a rare and irreplaceable asset of the County and its residents.

In response to these comments, Michael Powers, the County CEO, said:

***"The ideas (heard in the community) align very closely with the characteristics and skill sets we are seeking for a new Harbor Director as well. "***

The interview panel will include:

- Assistant County CEO, Mike Petit;
- Kenneth Rozell, Chief Assistant Oxnard City Attorney;
- Audrey Keller, Community Representative;
- Jim Haussener of the California Marine and Navigation Conference;
- Steve Buenger of the Channel Islands Harbor Lessees Association;
- Christina Birdsey, COO, Port Hueneme.

Harbor watch continues...

## County Issues Second RFP for Parcel N-1, South of Public Boat Launch Ramp

As the County awaits responses to its first competitive Request for Proposal (RFP) for the Whale's Tail (deadline is September 30, 2021), the County will issue its second RFP for parcel N-1 located at the corner of Victoria Avenue and Curlew Way, just south of the Public Boat Launch Ramp. The 2.9 acres of waterfront land and .9 acres of water area, include the 5,250 square foot marine chandlery/office building. The parcel is currently designated for Visitor-Serving Boating (VSB).

The public visioning process concluded that the most desirable developments for this area were:

- ◆ Destination "Floating on the Harbor" Restaurant with drive-up and tie-up for boats, as well as paddle-up access, on the waterside dock.
- ◆ Conversion of docks to locate floating hotel room rentals or "boatels."
- ◆ Visitor-serving commercial businesses, including cafés, shops, a pub, etc.
- ◆ Vintage trailer "glamping" (both rental and self-parking).
- ◆ Bed & Breakfast.

Note: These uses will require amending the harbor's PWP.

RFP says: "Weight will be given to proposals that are consistent with, and include, one or more of these uses, but proposals for uses other than those listed will be considered. At a minimum, the proposer should plan on rehabilitating the entire site, including parking, landscaping, public walkways, utilities, etc."

Rene Aiu, Harbor Delegate

### ATTENTION ALL E-BOATERS

Have you seen the wall chosen to feature all electric boat pictures?

Search no longer....it is in the fireplace-room!

Would you like to have your own e-boat picture on the wall?

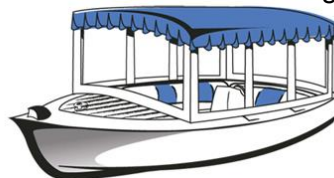

Here's what you need to do:

1. Take or have a picture of your e-boat. The picture should be of the stern showing the name of your boat.
2. Put that picture on a memory stick and take it to CVS Pharmacy.
3. Ask that your picture measure 5x7 "landscape" orientation.
4. Turn over your picture to George (the creator of the wall) or Evelina Arglen (805-985-6036), or Dawn Turnier.

They will put the picture into a 5x7 frame with the name of the owner and hang on the wall. That's it!

**Let's get the whole e-boat fleet showing!**

Capt. Billy LeCroy, Vice Commodore

### Land Party

September 19th at  
the home of Leslie  
and Tom Webb.

Get your tickets early  
and prepay - there  
will be a cap on this  
party as well, and it  
will be another  
sellout!
