61 Years of Service

DECEMBER 2021

Channel Islands Yacht Club

CURRENTS

From the Quarterdeck

COMMODORE

Mike Greenup

I hope all our members had a wonderful Thanksgiving holiday with friends and family! We shared many thanks with our yacht club family at our annual Thanksgiving Potluck Dinner.

Thanks to everyone who donated turkeys and hams, and to the outstanding cooking staff who put together another outstanding dinner.

Our Annual Awards Dinner recognized so many who participated in making CIYC such a great yacht club. Congratulations to our award recipients: Jack Borkowski, Lifetime Achievement Award, John Canavan and Claire O'Farrell received the New Member of the Year Award. The Sportsman of the Year Award went to Ken Foraker. The Most Active Power Boat went to Tuna Time - owned and operated by Captain Billy Le Croy. The most active Sailboat of the Year was Wai'lani, owned by Captain Jane Thomas, and the Sailor of the Year was awarded to Lonnie Jarvis.

More images page 13

Created by many talented members, our Club will be transformed to evoke the magical spirit of the Holidays. Taking the lead on decorating will be the Islanders - with the help of many volunteers. Come and enjoy the Tree Lighting Ceremony, the Jingle Bell Brunch, and the Parade of Lights with your fellow members. A special "Thank You" to the Islanders and all our volunteers for decorating the club!

I am very proud and honored to serve our club as your Commodore for 2022. We would not have had such an enormously successful year maneuvering through COVID without our very talented Board of Directors: Vice Commodore, Billy Le Croy; Rear Commodore, Dawn Turnier; Treasurer, Sue Woolf; Judge Advocate, John Medlen; Linda Weisfuss, Carole Naylor, Bill Elswick, Frank Laza, our Secretary, Vera Cline; and our Membership Chairman and advisor, Frank Sullivan. **Thank you all for a job well done!**

I welcome our new Board Members: Rear Commodore, Garry Kraft; Barbara Brauns, and George Arglen. I am confident our 2022 Board of Directors will continue to lead the Club on a very successful path!

In closing, I thank my wife, Linda, for all her support and dedication and for giving me the opportunity to serve as Commodore.

Happy Holidays and Happy New Year!

Mike Greenup
Commodore 2021 & 2022

From the Quarterdeck

VICE COMMODORE

Billy LeCroy

Yesterday afternoon I was helping a friend bring home a new boat from Marina del Rey. It was a beautiful day: flat, glassy water and no wind. As we approached Mugu Rock from Point Dume, going about 30 knots, we could see the sun starting to set behind Anacapa Island. It was an incredibly moving and beautiful sight.

I glanced at my watch and it wasn't even 4 pm yet. Then I realized that it's almost December and the days are shorter. Sometimes time just slips by on you, and before you know it, a year has gone by. This year seems to have flown by! I feel as if there is so much more to do, yet my term is at an end and it's time to wrap things up. It's been a good ride.

I've gotten to know more of you, had some great times, managed to get through some difficult times, and found out just how special this Club and all of you are.

My thanks for electing me to serve as your Vice Commodore for this past year. It has been an honor.

Sunset moving to the east end of Santa Cruz one month before the winter solstice.
Photo by Erika Barbaric

More thanks go to our cooks - George and Evelina Arglen, Joseph and Pamela Bouganim, Lisa Marie Medlen, and the Epicureans.

Friday nights have brought us bar food from Diane Sabol and Sherie Ireland. Thank you, ladies!

Thank you to all who donated, cooked, and served Thanksgiving Dinner. It's great to return to one of our club's most cherished events.

We had the CIYC Variety Show which was fantastic. Thanks to everyone who made that such a fun night!

Now we have the holidays coming up with our Commodore's dinner, the Christmas Tree Lighting, the Jingle Bell Brunch, and more great dinners.

Happy Holidays to All, from Sharon and me!

Billy LeCroy

Vice Commodore

From the Quarterdeck

REAR COMMODORE

Dawn Turnier

Yo-Ho-Ho and a Bottle of Rum!

You asked for it, and we're doing it! On December 17th, at 6:00 p.m., we will have a Rum and Cigar Tasting Party. The rums we will be sampling are: Wray and Nephew Over-proof, Cruzan Black Strap, a Rum Agricole, and El Dorado 12-Year Demerara. For our cigar, we will be having the Alec Bradley Connecticut: a Honduran- and Nicaraguan-filled cigar with Ecuadorean Connecticut broadleaf wrapper. Chasin will be there to be our guide and will talk about the rums, the cigar, and the Drink Special of the night featuring the rums from the tasting. The price is \$40.00 per person and includes all 4 rums and a cigar.

Please remember, if you make a reservation and can't make it, you will still be charged for the event. As we mentioned last time, neat spirits and cigars are best enjoyed with a full belly, so either eat before you arrive or, alternatively, there will be dinner served in the dining room if you forgot to eat. Please make reservations at: reservations.ciyc@roadrunner.com or text Janis at (323)365-3774. We had so much fun the last time, so don't wait...**make your reservation now!!!**

I was so sorry to miss the elections, but thank you for trusting me to be your next Vice Commodore. I know I have really big shoes to fill, but with your patience and mentoring, I know I can be a great Vice Commodore.

Thanks to everyone who showed up for our last Ship-Shape event of the year. I met some new folks and that is always a pleasure!

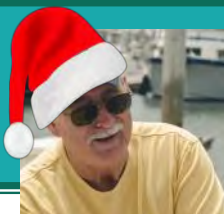

May you all have a pleasant holiday season in whichever way you celebrate! Please check out the calendar for all the fun events we have going on in December, including the Parade of Lights and decorating the Christmas tree.

I'll write to you again as your Vice Commodore next year!

Blue skies and fair seas,

Dawn Turnier, Rear Commodore, 2021

Anglers' Corner

By Frank Sullivan

Anglers' Club Info: Anglers' dues of \$10 for the 2022 fishing season are due before January 31, 2022. Please send in your Anglers' dues with your regular club dues billing. If you forgot and sent the CIYC dues in without your Anglers' dues, you can provide a SEPARATE check made out to "Channel Islands Yacht Club, Anglers" and put Anglers' Dues in the memo section of the check. Send it or bring it to the Club. Or you can pay through the CIYC Foreup billing system - watch for the announcements.

When you are a CIYC Anglers' Club member you can win \$50.00 if you bring in the biggest legal fish of the month. Marlin, sharks, rays, and tournament fish do not count. You can only win once a year, but as the Lotto people are fond of saying, "You can't win if you don't play."

Anglers' Club Big Fish rules:

1. Fish must be caught within 100 miles of Channel Islands Harbor
2. Marlin, sharks and rays are not to be considered as winners
3. Must be caught on rod and reel
4. Fish can be verified by any CIYC member (there is a scale available in the reception office)
5. Fisherperson must be a paid CIYC Anglers' Club member
6. Angler must bring the fish to the boat, can have help gaffing or netting
7. CIYC, PCYC or Channel Islands Sportfishing scales can be used, others if certified.
8. Tournament fish do not count except for the Big Fish of the Year
9. An angler can only win the Big Fish of the month one time a year

At the yearly Anglers' Awards dinner, the Big Fish of the Year is awarded \$100. It does not have to be a fish submitted as a Big Fish of the Month to qualify, but it can be a tournament fish, so keep fishing!

WSB Pens Update: Shortly after we took delivery of 10,000 juvenile White Seabass in October to the grow-out pens, we had our first heavy rain of the season which washed a lot of contaminants into the harbor. Within a few days we started to see an increase of mortalities in our fish; the morts had skin lesions. The hatchery folks came up and helped us treat the fish to a Hydrogen Peroxide bath on 3 consecutive days. This didn't help, and the mortalities kept increasing.

We lost approximately ½ of the 10K fish that were delivered.

We now are trying a course of medicated food that will last 10 days. Because of this, the mortality rate has been reduced drastically. However, if that doesn't stop it entirely, we may have to euthanize the remaining fish. We are not certain of the origins of the bacterial infection. It may have come from the hatchery and just took off because the immunity of the fish was compromised after transport and the change in water quality after the storm.

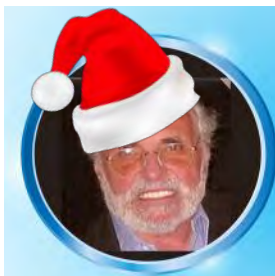

Reminder: Boat-based rock fish season ends December 31st, 2021 and doesn't reopen until March 1st, 2022! These species may only be taken or possessed in waters less than a 75-fathom depth contour (450 feet). The daily bag and possession limit is 10 fish in combination with all species within the RCG Complex. Yelloweye Rockfish, Bronze spotted Rockfish, and Cowcod may not be retained (bag limit: zero). There are exceptions, so check here: <https://www.wildlife.ca.gov/Fishing/Ocean/Regulations/Groundfish-Summary#south> to get the most current regulations!

Preparing the pens for Peroxide treatment

HEALTH CARE

Pig Kidney Transplant to Humans

In the US approximately 90,000 patients are awaiting a kidney transplant. For decades, doctors tried unsuccessfully to figure out how to transplant organs between different species and failed. This was due to severe hyper-acute rejection whereby the transplanted organ was destroyed within hours by the host's immune system.

Surgeons at NYU Langone Health successfully transplanted a pig kidney into a human for the first time without triggering a hyper-acute rejection by the recipient's immune system.

The procedure involved the use of a pig whose genes had been altered so that its tissues no longer contained a molecule known to trigger almost immediate rejection.

Dr. Robert Montgomery, who led the study, theorized with his team that knocking out one pig gene, which makes a carbohydrate that triggers rejection (a sugar molecule, or glycan, called alpha-gal) - would prevent the issue.

To do this, a pig embryo with one gene modified was implanted inside a surrogate sow by United Therapeutics Corp's Revivicor unit.

The sow then delivered a piglet with a modified immune system more compatible with humans.

Once an adult, the pig also had surgery to attach its thymus to its kidney. The thymus is a small gland which produces white blood cells and is located near the top of the lungs. Transplanting the pig thymus along with its kidney is aimed at reducing a person's long-term immune response to the foreign tissue. In theory, the patient's thymus would then be removed before transplant.

The genetically altered pig kidney was surgically connected to the blood vessels of a brain-dead patient who was about to be taken off a ventilator and other support systems. The patient also had kidney failure. The kidney was observed on the outside of the patient for three days.

There was no immediate rejection. The kidney resumed normal function for three days and the patient's markers, such as creatinine, fell to normal values.

Other scientists using the same model are researching if other organs such as heart, liver, and pancreas could also be transplanted into humans. Pigs' heart valves have been in use on humans for a long time.

This successful first kidney transplant offers great hope. Within two years other critically ill patients who cannot tolerate dialysis may be given the opportunity to receive a pig kidney transplant. It is likely other problems may show up and have to be resolved, but this is a giant first step. Very exciting!

Stay safe.
Your Fleet Surgeon, Zoran
Thanks to Erika for editing.

CIYC FOOD & BEVERAGE COMMITTEE REPORT

Linda Weisfuss Chairperson

In addition to our other responsibilities, the F&B Committee has been tasked with updating the reservation procedures and the bar food program. Below are the pertinent updated reservation procedures that have been approved by your Board.

The complete policy will be posted in the club for your convenience.

We are pleased to report that on most Friday nights we will provide a light meal unless there's a conflict with another club event. Our Committee has assumed responsibility for stocking hot dog provisions and finding volunteers to provide these Friday meals. We have most Fridays covered. When you see these Friday volunteers, please say thanks! If you're interested in helping prepare one of these meals, please contact Diane Sabol.

It's a great way to learn how to prepare and present club meals.

The Friday light fare will include soup, sandwich, salad, etc for \$7.00.

Reservation Procedures

Making a Reservation

Email alerts sent to the membership will inform members to please make their reservations at least 48 hours before the event and will include a link to reservations.ciyc@roadrunner.com

You should receive a confirmation of your reservation within 24 hours of requesting it. **Please watch for this confirmation. If you don't receive a confirmation, something went wrong. Assume you do not have a reservation.**

Your return email will indicate a confirmation of your reservation or whether the event is sold out, in which case you'll be placed on a wait list. You will be notified if there are cancellations, or if additional places open up.

Checking in for a Meal With a Reservation

There is usually someone designated to check members and guests in for events (Janis Pulliam or another member) - usually in the barroom. If not, the bartenders will handle the check-in of members.

If you are on the reservation list, you will be given a ticket or wristband, and your account will be charged for the event.

Walk-ins

Members may show up at an event without a reservation and take the chance that there will be space or that some members don't show up.

Canceling a Reservation

If you need to cancel a reservation, please email reservations.ciyc@roadrunner.com. If you cancel less than 24 hours in advance of an event, you will be charged for the event unless the club can sell the reservation to someone else.

If you do not show up and do not cancel, you will be charged for the event.

Checking in Without a Reservation

If you don't have a reservation, still ask the person checking people in. If there's space available, you will be checked in. If there is a wait list, you can decide if you want to be added to it.

Bar Food

When there is no other meal offered, there will be food in the bar.

On Thursdays and Sundays this will typically be \$4.00 for a hot dog & bag of chips. Limited condiments will be available.

CIYC Bar Food is offered on the honor system,

Friday nights will generally feature a light meal such as soup & sandwich or our salad bar for \$7.00 (unless there's a conflict with another club event).

Please see our bartenders to pay and get a plate. If a salad bar is offered, Janis will sell the plates in the barroom or TV room.

Bar food will be available on a first come, first served basis.

Lady at the Helm Race, Saturday, November 6

Jane Thomas
CIYC Fleet Captain

Light winds and a 13.5nm course led to a very long day for the 3 entries: CRITTER (CIYC J24, Cynthia Kerby), VELERO (CIYC Islander 29, Katie Burroughs), and CHUBASCO (AYC Ranger 23, Angie Gram). CHUBASCO finished first and CRITTER was second.

When they were near the end of the last leg before the finish, the wind died completely, and VELERO did not finish (DNF).

Capt. Billy LeCroy drove TUNA TIME out to the start line with the Race Committee, Sharon Sack, and Zoey aboard.

The Race Committee comprised PRO Jane Thomas with Wailani O'Herlihy, Kelly Sherwood, and Robbie Skidmore (who are frequent crew on Jane's boat, WAILANI). All are members of CIWSA (which co-sponsors this race), and most are members of CIYC.

Zoey watching the boat end of the start line

after crossing the start line

Harbor and Beach Communities Will Remain in One County District

The Ventura County Board of Supervisors has recognized Channel Islands Harbor and surrounding beach neighborhoods within the boundaries of Fifth Street to the north, Victoria Avenue in the southeast, and the Pacific Ocean to the west, including the entire Silver Strand area, as a "community of common interest." This means redistricting will keep these neighborhood areas within a single County District. The Board voted to move forward with one redistricting map (#82647 on the County's Redistricting site). This map keeps the harbor community within its current district, District 5. Based upon their meeting in which the five County Supervisors discussed the issue, this map appears to be very close to being approved. There will be one final public meeting on December 7th when some modifications may be proposed and considered, but a final redistricting map must be legally decided on by December 15, 2021.

Coming Up – Redistricting of Oxnard's City Council Districts

Redistricting of the City of Oxnard's Council Districts will be subject to the same legal requirements as the County's. Those requirements are listed on the City's redistricting website. The City's redistricting process will determine the Council District that will represent the harbor communities. It is critical that the harbor and beach communities participate in this process to ensure their effective representation.

The City of Oxnard will be holding public redistricting meetings on the following dates:

Monday, December 6, 2021

Thursday, January 6, 2022

Saturday, January 22, 2022

Tuesday, February 1, 2022

Wednesday, February 16, 2022

SAVE THE DATE
DEC 4th 2021
Food & Toy Drive

The City's redistricting process must be completed by April 17, 2022.

Reminder: Holiday Food and Toy Drive on Saturday, December 4th at Fisherman's Wharf

January, 2022

Dear CIYC Member,

It is that time of year when the Channel Islanders begin to chart our year of activities -from social events to fundraising - all in support of CIYC.

We greatly appreciate your support and membership in 2021. Despite the pandemic, the Islanders were able to make monetary contributions to CIYC's outdoor patio structure and outdoor furniture. It is your participation that made these donations possible for the enjoyment of all club members.

As pandemic circumstances permit, the Islanders plan a full and fun schedule of events for 2022. We want to ensure you are a part of these plans!

We very much hope you will join the Islanders this year. Annual dues are twenty dollars (\$20). You may drop off your dues in an envelope marked for the Islanders when the club is open. Dues may be paid in cash or by check made out to The Channel Islanders.

Karen Harvey
Corresponding Yeoman, 2022

Skipper Jane Thomas with Bonnie Chaney, Alison Rowe, Robbie Skidmore, Nicole Woolley, and Doodle (dozing on the Genoa on the foredeck).

BON VOYAGE

Long-time racing member, Shelly Johnson, has sold his boat (ZOARCES) and moved near Ft Lauderdale, FL, to be closer to his daughter. On Sunday, October 24, Shelly's boat's new owners and crew as well as many club members gathered at CIYC to wish him well. Commodore Mike Greenup presented a CIYC jacket to
